FLOOD IS HIGHER

WATERS OF OHIO GO ABOVE EXPECTATIONS.

CINCINNATI GETS MORE OF IT

AN EXTRA FOOT OR TWO OF SNOW FOR TODAY.

UPPER OHIO IS GOING DOWN

CREST OF THE FLOOD DUE IN CINCINNATI.

Cincinnati, O., April 24.—What is believed to be the crest of the flood sweeping down the Ohio river reached here today. The river rose an inch per hour all night, and a stage of fifty-six feet was reached shortly before 6 a. m. This is six feet above the danger line for business sections, and eleven feet above the line where the water enters the tenement houses along the river front.

The city is surrounded by back water on the east and west as well as along the south side, but it is estimated now that the stage of fifty-eight feet will not be reached here and that the highest point will come today and relief soon will follow.

The conditions on the Kentucky side have not changed. The relief that is in sight here clears everything for the 480 miles up to Pittsburg and the rivermen say that the lower Ohio valley will not suffer so much, as the tributaries below here are not so high as those in the upper valley.

The river at 7 a. m. stood at 56.4 feet; at 8 it had risen to 56.6 and at 9 a. m. to 56.7. The weather is clear and warmer. Advices from up the river show the water falling above Parkersburg and nearly stationary from there to Point Pleasant.

Following were the reports at 7 a. m.: Parkersburg, 43.7; rising, light rain; Charleston, Kanawha, 19.2; falling, rain; Point Pleasant, 53; rising, light rain; Huntington, 56.8; rising, cloudy; Catlettsburg, 58.3; rising, cloudy; a rise of three feet during the night from the Big Sandy; Portsmouth, 57.3; rising, fair. These advices indicate a possible rise here until tomorrow, with a probable maximum of something more than 58 feet.

At Huntington, W. Va., at 8 a. m. a rise was reported at the rate of an inch every two hours. The Mud and Guyandotte rivers were again rising at headwaters.

At noon the river here touched fifty-seven feet. It should come to a stand here during Thursday, but from the morning reports it is feared that it will now exceed the forecast limit of fifty-eight feet by not less than a foot.

The weather outlook is favorable and the river situation in the upper Ohio is encouraging.

GREAT ALARM FELT.

Sharon, Pa., April 24.—More alarm is felt in Sharon and Wheatland over the flood that is sweeping the valley than at any time since 1893, when the Shenago river reached the highest stage in its history. Portions of the city are already under water, scores of families have been compelled to leave their homes and many factories have already been forced to shut down by the high water, throwing hundreds of men out of employment.

TOWN UNDER WATER.

Greenville, Pa., April 24.—As the result of the melting snow and heavy rains of the past twelve hours the Shenango river has overflowed its banks. Twenty-five houses on Race street are surrounded by from two to six feet of water. The Bessemer and Lake Erie railroad is experiencing trouble at Osgood and points toward Butler.

NEAR HIGHEST MARK.

Youngstown, Ohio, April 24.—The Mahoning river this morning is within two feet of the great flood of 1878, the highest ever reached in the Mahoning valley, and is steadily rising. Steady rain is reported at the headwaters and along the upper part of the valley. The suburb of Hazelton is inundated and several mills have been compelled to suspend operations by reason of the pits being flooded.

RIVER RISING AT LOUISVILLE.

Louisville, Ky., April 24.—At 10 a. m. today the river here was rising at a fraction of over two inches an hour, with 26.8 feet in the canal, 24 feet on the falls and 52 feet below the locks. The danger line is 28 feet at the upper canal gauge and the local weather bureau forecaster believes this will be passed about noon tomorrow. Water has reached the business houses at the foot of Fourth, Fifth, Sixth and Seventh streets and is several feet deep in many cellars. All goods stored there were removed several days ago and the only losses suffered by the merchants will be the expense of moving and the consequent inconvenience.

HEAR NOTHING OF TROUBLE

NO REPORT OF THE CHAFFEE-VON WALDERSEE ISSUE.

State Department Does Not Understand the Nature of the Dispute Over the Gate in Pekin.

Washington, April 24.—Nothing is known here officially of the reported issue between General Chaffee and Count Von Waldersee as to the possession of the gate to the Forbidden City now held by the American troops.

The officials are not able to offer any definite theory in explanation of General Chaffee's action. On one hand it is suggested that this particular gate may give access to the place selected by Minister Rockhill and Mr. Squire for the future American legation. On the other hand it it recalled that the American troops were the first to possess themselves of this gate, and General Chaffee may feel it to be his duty, when he relinquishes his position, to turn it over to the Chinese, its original possessors. No one here is aware of any special title in this property possessed by the Germans.

The fact that the matter has not yet been made the subject of an official report inclines the officials here to the belief that it can be adjusted directly in Pekin and may not assume serious proportions.

"BILLY" SMITH IS DEAD.

London, April 24.—"Billy" Smith, the American pugilist who was knocked out in the eighth round of a contest with "Jack" Roberts for the 126-pound championship of England at the National Sporting club Monday night, and who had lain unconscious in a hospital since, died at 11:45 o'clock this morning.

LOCAL LINES.

Miss Mae Hine has returned from a visit with friends at Lima, Ohio.

Captain and Mrs. F. E. Saxton, of Richmond, Ind., are the guests of friends in the city for a few days.

James F. Tricoey has been granted a permit to erect a dwellin ghouse on South Lafayette street, to cost $700.

The men of the West Jefferson street church of Christ will have a social evening in the church parlors Friday evening.

Mrs. M. F. Schick this afternoon entertained a large company of ladies in a most delightful manner at a "butterfly" party.

President Bryce, of Columbus, says that he expects that the crowd at Neil park at the opening of the home series at Columbus will number 4,000.

Sipe's educated animal and Lilliputian show is billed for an appearance in Fort Wayne May 1. The tents will be spread at West Jefferson and Fulton streets.

Architect Grindle returned this morning from Pittsburg, where he was in consultation with Mr. Carnegie's expert regarding the new public library for Fort Wayne.

Jack Sheridan, the American league umpire, is reported insane. While on his way from California to Chicago Sheridan got off at Marceline, Mo., donned his uniform and started to umpire an imaginary game in the middle of the street. He is under the care of friends in Chicago.

Two drunks were arrested today and locked up for an interview with the mayor in the morning. One was a musical sort of an individual, who made the welkin ring wth melodious songs from the railroad to the court house, where he was steered against a patrol box. The other victim was trying to pick animals off a bill board when interrupted by the officer.

Rev. W. E. Wight, of Kalamazoo, has returned to the city and is continuing his lectures at the Berry Street M. E. church to large and enthusiastic audiences, and interest is increasing daily in his splendid exposition of the Book of Revelation. The subject for Thursday evening is "The Resurrection of the Saints." Bible study is held each afternoon at 2 o'clock.

PANAY IS PACIFIED

INSURRECTION IS ENDED IN THAT ISLAND.

LEADERS HAVE SURRENDERED

MEANS THE RESTORATION OF PEACE AT ONCE.

OTHER INSURRECTOS QUIT

TWO THOUSAND BOLOMEN LAY DOWN ARMS AT ILOCOS.

Manila, April 24.—7:30 p. m.—Major Noble, adjutant general of the department of the Vizcaya, has received the surrender of Quentin Salas and three of his officers. All of the insurgents under Salas will surrender soon. It is claimed this will terminate the insurrection in the island of Panay.

It is estimated that there are 25,000 lepers in the Philippines and it is planned to isolate all of them on one island. Major Maus, the medical inspector; Captain Ahern, of the Ninth infantry, and Captain Quartermaster Horton, comprising a board of officers appointed to select a suitable island for the purpose, have visited Busanga, Cuilon, Cognyan, Dejolo and other islands, and have made a report, but it has not yet been acted upon.

One hundred and fifteen officers and 2,157 bolomen have surrendered and sworn allegiance to the United States at Narvacan, province of South Ilocos.

The Americans are active throughout the archipelago accelerating surrenders.

The commissary investigation is progressing.

Several important witnesses in the Reed case have left Manila.

Harry Baldwin, Thomas Harris, Fred Macondry and H. Schindler, prominent merchants who are supposed to possess information concerning money paid to commissary officers, are detained as witnesses under $2,500 bail. Other arrests will be made. The trial of Captain James C. Reed (formerly depot commissary at Manila, who, as announced April 15, was arrested on the charge of participating in the commissary frauds) has been temporarily postponed.

NATURAL GAS DAYS ENDING.

Richmond, Ind., April 24.—J. C. Leach, the state gas inspector, said that the rapid decrease in pressure that has been noted on all the pipe lines the past winter is a certain indication that the days of natural gas are numbered. Scores of wells drilled the past winter in the midst of the belt, which at first showed strong pressures, were practically useless within ninety days.

Mr. Leach says that his only work now is directed toward keeping down the waste of the fuel in order that the state's resources in this respect may be preserved as long as possible. Many factories will still be able to use gas for some time, but there are many others that already are experimenting with fuel gas, and excellent results have been obtained. Mr. Leach does not think that the manufacturing interests of the state will be affected seriously, as the change is coming gradually.

WIDOW FEARS ARDENT LOVER

Muncie, Ind., April 24.—John Cruise was jailed last night, charged with attempting to shoot Mrs. Mary Gannon, a widow with whom he boarded and of whom he is desperately jealous. It is further claimed that he threatened to use dynamite and once attempted to attack the woman with a corn cutter. She is the mother of twelve children, and her late husband left a farm of 150 acres near Hartford City. Cruise, she claims, fired two shots at her from a stable. Cruise says he was shooting at rats.

MAKE THEIR OWN DOLLARS.

Peru, Ind., April 24.—Robert Lobenthal, former Wabash fireman, was arrested yesterday for making counterfeit dollars and halves, and John Foley and Dave Holt were arrested for passing them. The work has been going on for a year or more. The gang intended to start an issue of gold next week. Their silver work is very crude looking. Part of the working outfit has been discovered at Lobenthal's home.

HIS HEART TORN OUT.

Decatur, Ind., April 24.—While at work in his shop yesterday J. W. Ralph, aged 45 years, a tinner, was torn to pieces by an explosion of gasoline in a fire pot. The man was stooping over the pot in the act of taking out a heated soldering iron when the explosion occurred. His body was horribly mangled, the heart being torn out and hurled ten feet away.

SHAMROCK'S MAST STEPPED.

Glasgow, April 24.—The Shamrock II. was towed to the Clyde trusts graving dock No. 3, where her racing mast was successfully stepped early this morning. Workmen are now engaged in removing the pontoons, which work, it is said, will be continued this forenoon, and the yacht will be self-supported. She will be floated out on the afternoon tide. Special constables have been engaged to keep the crowd of persons curious to see the concealed part of the yacht's underbody outside the dock gates. Even with her telescoping top-mast houses, the mast looks a tremendous spar, quite dwarfing every mast in the neighborhood.

VOTED NEW ISSUE OF STOCK

NATIONAL TELEPHONE DIRECTORS IN SESSION.

Will Expend About $28,000 in Extensions and Improvements—New Eastern Contract.

At their meeting held Tuesday afternoon at 4 o'clock the directors of the National Telephone and Telegraph company authorized the issue of $28,700 worth of new stock in the company to provide for extensions and improvements in the line now in contemplation.

The entire new stock issue has already been subscribed and the certificates are being issued today from the general offices in the Hamilton bank building. The improvements in immediate contemplation include a new toll line from Kendallville to South Milford, and a number of farmer lines running in several directions from both Kendallville and Auburn. It is also the intention of the company to apply for a franchise to install a complete exchange at Garrett, where the city business is now almost entirely in control of the Central Union company.

Another important matter completed at Tuesday's session was the ratification of a new contract with the United States Telephone company of Cleveland, whereby the local company is given very liberal service connetions with the entire Ohio system of the United States company, extending to Pittsburg. The completion of the lines now under construction will also give the National company connection with Philadelphia and Baltimore.

TROTTING KINGS TO RACE

MATCH MADE FOR CRESCEUS AND THE ABBOTT.

George Ketcham Finally Signs an Agreement and the Match Will Be for $12,000.

New York, April 24.—Secretary C. A. McCully, of the New York Trotting association, has just returned from Toledo, Ohio, after securing the signature of Geo. H. Ketcham, the owner of the trotting horse Cresceus, to an agreement for a match between The Abbott and Cresceus, to take place at Brighton Beach during the week beginning August 12. The agreement also bears the signatures of W. L. Marks, acting for John J. Scannell, and William A. Engemann, for the New York Trotting association.

The conditions of the race are best three out of five one-mile heats for a purse of $12,000, the winner to receive $7,000 and the remainder of the purse to go to the loser.

WOMEN MAY VOTE.

Albany, N. Y., April 24.—Governor Odell today signed the bill authorizing women taxpayers in villages and towns to vote on propositions to expend money for public purposes.

CUBANS ARE HERE

MEMBERS OF COMMISSION IN WASHINGTON.

THE VISIT OF IMPORTANCE

WILL HAVE A CONFERENCE WITH PRESIDENT.

PLANS FOR ENTERTAINMENT

MEMBERS OF COMMISSION REFUSE TO TALK.

Washington, April 24.—The commission of five delegates to the Cuban constitutional convention, consisting of Domingo Mendez Capote, Petro E. Betancourt, Rafael M. Portundo, Diogo Tamayo and Pedro Gonzales Llorento, who were sent to Washington to confer with the president regarding Cuban relations with this country, arrived here this morning, together with an interpreter, and representatives of the Havana press.

They were met at the station by Assistant Secretary of State Hill, Assistant Secretary of War Sanger, Captain Sawtelle and Lieutenant Overton, of the United States army, detailed for that purpose, and escorted to the Shoreham.

The delegates conversed with the reception committee through an interpreter, though most of them speak English very well. It was stated that arrangements for their visit to the president would be made through the war department.

General Wood, military governor of Cuba, also arrived this morning with his family and took apartments at the Richmond. He came to the war department and had a conference with Assistant Secretary Sanger. He sent his secretary to call on the Cuban delegation to ascertain their desires for the day, in order that he might be able to act as their escort, either to the white house or the war department.

General Wood has had no direct information from General Whiteside regarding the reported troubles at Santiago, but before he left Cuba he had been advised by General Whiteside that party strife was making some trouble in that municipality, and that disorders might be anticipated during the spring elections in other sections of the island.

After that, however, it is expected that the usual tranquility of the island will be resumed.

The delegates remained at their hotel most of the morning, as they were fatigued by the long railroad trip from Florida. Quite a number of officials called, including Assistant Secretary Hill, for the state department, and Assistant Secretary Sanger, for the war department, who left cards individually for each member of the delegation.

When inquiry was made of Diego Tamayo, one of the delegates, as to the plans of the party, he answered through the interpreter, Mr. Etanas, that the delegation felt it would be discourteous to enter upon a discussion of their business before they had called on the secretary of war.

As to their program of official visits, he said that they had had no opportunity thus far to learn the wishes of the officials here.

They expected to hold a meeting during the afternoon and determine upon a course of action.

Arrangements have been made at the war department by which the secretary of war will receive the delegation at 11 o'clock tomorrow morning and probably escort them to the white house about that time.

MUST AGREE SEPARATELY.

Pittsburg, Pa., April 24.—In conducting scale negotiations this year the officials of the Amalgamated Association of Iron, Steel and Tin Plate Workers expect to make the adjustments with the separate underlying companies of the United States Steel corporation, as heretofore, and not with the officials of the great combine. This statement was made by President Shaffer today, who added that if the general officials expected to enter into the negotiations he knew nothing of it.

FAMOUS AS A DENTIST.

Chicago, April 24.—A special to the Tribune from St. Louis, Mo., says: Dr. Henry Byron McKellops, of this city, is dead, aged seventy-eight years. He had an international reputation as an authority on all matters pertaining to dentistry and dental surgery. Dr. McKellops was born in Salina, near Syracuse, N. Y. In 1855 the Ohio Dental college conferred on him the degree of doctor of dental surgery; in 1865 he organized the Missouri Dental association; in 1868 he was chosen president of the American Dentists' association, and later of the Southern Dental association and the Mississippi Valley Southern Dental society. Dr. McKellops was commended for gallantry in the Mexican war, commanding Morgan's riflemen in that struggle between republics. He was quite wealthy.

PROPOSED FOR BISHOPRIC.

Rome, April 24.—The propoganda has decided to propose to the pope that he appoint Very Rev. John O'Connor, vicar general and at present administrator of the diocese, bishop of Newark. The report is confirmed that Father O'Connell, president of the American college in Rome, has been selected as the bishop of Portland, Me. His official nomination will be made known through a papal brief.

BIDS NEED CONSIDERATION

BOARD OF WORKS CANNOT BE IN TOO MUCH HASTE.

Character and Details of Compressor Plant Bids Such as to Make Time Necessary.

The purpose of the statement in an evening newspaper yesterday that the board of works postponed action on the compressor plant bids until a time beyond the city elections for ulterior purposes is so obvious as to need no light. The further statement that Councilman Hosey bitterly attacked the board of works for not taking immediate action was wilfully untrue. Councilman Hosey did nothing of the sort and did not take occasion to say anything either for or against any of the bidders or in favor of or hostile to postponement of decision on the bids.

The bids submitted all differ in the specifications and in the plans of construction. The Shaw-Kendall people included some things in their bid that were not included in others. The advertisement for bids and the specifications offered competitors did not specify the exact manner in which the work should be constructed, but stated that each bidder should submit a plan or a system, the principal and practically the only stipulation being that there should be two compressors, with a capacity of 4,000,000 each. All the balance of the details were left to the bidders and the board of works reserved the right to select what they thought was the best plan and system and the best bid. To decide upon a question of that character is not a matter of an hour's consideration and the board wisely decided to take plenty of time to study the different plans, consult experts and give the matter such mature thought as a contract of such proportions demands. The board is inclined to favor home industry as far as possible and will do so, but as an instance, while the Bass bid is lower than the Shaw-Kendall bid, the former provides for boilers which will necessitate the raising of the roof of the boiler house should that plan be adopted. There are many other similar things to be considered before it can be determined which is really the best and lowest bid. The charge that there are political interests to conserve by postponing the letting is groundless and the purpose of it too plain to fool anybody.

MR. BERGHOFF'S MAJORITY.

(South Bend Times.)

Henry C. Berghoff, democratic candidate for mayor of Fort Wayne, is credited with having declared that if he doesn't receive a majority of 2,500 over his competitor he will be woefully disappointed. These are big figures, but Mr. Berghoff is practically assured of a sweeping majority. He is strong with the people, and is certain to poll a large republican vote in addition to the full democratic vote. The republicans are, as usual, hampered by factional troubles in the city of Fort Wayne.

AFFRAY IN COURT ROOM.

Chicago, April 24.—Policeman William Messenger was mortally wounded in Police Magistrate Prindiville's court room at the Harrison street police station today shortly after adjournment by D. R. Nelson, against whom the officer had testified in a swindling charge. Nelson rushed upon the officer and shot him twice. A dozen policemen rushed upon Nelson and after a fusilade from the officers he fell mortally wounded with five bullets in his body.

A BAD MAN'S DOOM

BLACK JACK KETCHUM IS TO HANG FRIDAY.

A BLOODY CAREER WILL END

AN ATTEMPT AT RESCUE OF OUTLAW IS FEARED.

TAKEN TO PLACE OF SAFETY

NEW MEXICAN SCOURGE WILL SOON BE WIPED OUT.

Trinidad, Col., April 24.—"Black Jack" Ketchum, train robber, will be hanged at Clayton, N. M., on Friday. He will pay the extreme penalty for the robbery of an express train on the Colorado and Southern railway at Folsom, N. M., August 16, 1899.

Ketchum, single-handed, held up the express train, and was wounded in the fight put up by the train crew. Two of the latter—the conductor and the postal clerk—also were wounded. Ketchum was shot through the right arm and, after escaping, had it amputated.

After a long chase he was run down and taken to Folsom for trial. He was given the extreme penalty—death.

Since last September Ketchum has been in the Union county jail. Rumors began coming in that the outlaw bands of the southwest had taken steps for the rescue of their comrade. Measures were at once taken to prevent such an outcome.

It was decided to remove Ketchum to Clayton for execution. The sheriff of Union county, with a strong force of deputies, yesterday manacled the prisoner with a heavy steel belt around the waist. To this belt his left arm was chained, while his lower limbs were bound with steel bands.

To further ensure the enforcement of the court's mandate Ketchum was confined in a steel lined mail car with grated windows. Under these precautions the trip was begun to Clayton. The party passed through this city today, and the sheriff expressed full confidence in his ability to deliver his prisoner at Clayton before Friday and war off any attempt that may be made to wrench him from the grasp of the law.

PRUDENTIAL AGENTS COMING.

At least fifty agents of the Prudential Insurance company will gather in Fort Wayne tomorrow, and in the evening will listen to an address by Hon. Henry Bohl, of Columbus, who is superintendent of agencies for the Prudential company in Ohio and Indiana. The visitors will include all the agents and assistant superintendents of the Fort Wayne district, and a number of the company officials may be present. Supt. C. W. Noble has arranged to hold the meeting at the parlors of the Fort Wayne club at 7:30 o'clock.

The local headquarters of the Prudential company will be moved into the new quarters in the Y. M. C. A. building about May 1. The new furniture is now being installed.

LEASE IS SIGNED.

The lease of the Long block to Ohneck and Kaough was filed with the recorder today. It provides for a term o ten years, the rental for the first year to be $2,500 and for the remaining nine years $2,700 per year.

WILL GO TO WATERLOO.

Judge Chapin and Judge Vesey will go to Waterloo tomorrow to take evidence in the bankruptcy matter of the Lowenstein estate. A number of creditors are contesting the validity of a number of claims which have been filed, and the trip is made to avoid summoning a large number of witnesses to this city.

GASTREICHT DROPPED.

Umpire Gastreicht failed to show up here today and he has been dropped from the staff of the Western association. President Meyer has telegraphed "Tony" Mullane, of Chicago, and he will umpire the game at Louisville tomorrow and will officiate at all games which were to have been assigned to Gastreicht.

Pete Daniels and Lamont, both pitchers, were released today by the Fort Wayne management. Daniels' terms were not to the liking of the club owners and Lamont was not considered desirable for other reasons. Both are good men, but conditions prevented their retention by the Fort Wayne club.

IS A PITY SO FEW WOMEN

Entirely Free From Pelvic Catarrh.

Miss Anna Carsten, Clayton, Ill.

Miss Anna Carsten, Clayton, Ill., says: *"Your Peruna did me so much good. I believe I should have been dead by this time had I not used it. I am feeling so well now. I have not taken any medicine for four or five months. I can cheerfully recommend Peruna to my friends."*

Everywhere the people, especially the women, are praising Peruna as a remedy for all forms of catarrhal difficulties.

Roxa Tyler, Vice President of the Illinois Woman's Alliance, writes from 910 East Sixtieth street, Chicago, Ill., the following:

"During the past year I gradually lost flesh and strength until I was unable to perform my work properly. I tried different remedies, and finally Peruna was suggested to me. It gave me new life and strength. I cannot speak too highly of it."

The extreme sensitiveness of the mucous lining of every organ of a woman's body is well known to physicians. This explains why, in part at least, so few women are entirely free from catarrh. Peruna cures catarrh wherever it is located.

THE COUNCIL'S LAST MEETING

FINAL SESSION OF PRESENT BODY IS HELD.

Little Business to Transact and the Time is Taken Up With a Love-Feast.

The city council met last evening in regular session for the last time during this administration, and all were present save Haag, Hays and O'Ryan. The session was not called until after half past eight and was of short duration, there being very little business before the body. When the regular order had been disposed of Mayor Scherer arose and briefly addressed the members, thanking them all for their co-operation, their kindly forbearance and uniform kindness. The address, though very short, was full of feeling, came direct from the heart and was impressively spoken. The mayor said in substance:

"Gentlemen, this is our last meeting together, unless some circumstance should call us together once more. Some of you will be returned here and some may not. Until the votes are counted some of you who are expecting to return will not be certain. I have been your presiding officer for five years, and I want to thank you for the favors you have shown me and the great assistance you have been to me in official life. Some of you may retire, like myself, to private life, but whether you retire or remain, I hope and believe it will be as great a pleasure to you as it is to me, to look back upon the time we passed together in the people's service. I will hope to be able at some time to repay all of you for your courtesy and kindness to me during the years we have been here."

The address was warmly applauded and after it had subsided Councilman Schuhler, one of the retiring members, arose and said:

"It is the last time we shall meet officially, and I want to take advantage of the occasion to return my thanks for the courtesies received from each and every member of this city government. I am proud tonight, and every man here tonight, I believe, is proud of the acts of the government of which he has been a member and glad of what it has accomplished for our beloved home city. I thank you one and all for our friendly relations in the past. I shall not come back, but I hope the good name of the present administration will cling to the next ticket to be elected, from top to bottom."

There were cries for Eckert, but that gentleman declined to make any remarks. Privately he said that he had not made a speech while in the council and he did not propose to break the record at this time. A resolution of thanks was then drawn and signed by every councilman present. The resolution was as follows:

"Resolved, That this council tender its thanks to your honor, the mayor, for the impartial and just manner in which you have presided over our deliberations."

Councilman Hosey then rose and proposed a rising vote of thanks to Clerk Monning, who would also retire after a five years' service, and the motion was amended by Councilman Bauer, who moved to have the clerk's name inserted in the resolution just passed; the amendment was adopted by a rising vote. Clerk Monning responded in what he declared was the first speech of his life, and he got away with it very nicely. He said that he entertained only the highest respect and admiration for the entire city council, each individual member of which seemed to have endeavored to make his duties as pleasant as possible; he should remember his years of association with them with great pleasure always and hoped that each one would be followed by continued prosperity in the years to come.

City Attorney Shambaugh was called on, but declined to talk; he said he did not propose to indulge in any valedictory exercises prematurely, and he did not believe in this retiring business.

BURNED A SMOKEHOUSE.

Fire destroyed a small smokehouse upon the premises of Henry Horman, at 115 Eliza street, shortly after 2 o'clock this afternoon, together with a quantity of meat which was in process of curing. The loss is estimated at $25.

Raymond, the little son of Mr. and Mrs. G. A. Selle, of Lakeside, who has been ill with typhoid malaria, is slowly convalescing.

A good building material—

That's stone and mortar. Day by day the building grows, becoming higher, broader, more solid, until at last the growth is complete.

The best building material—

That's Ayer's Sarsaparilla. Day by day it makes thin and pale children take on renewed strength, until soon they become stout and robust.

All puny and languid children need this great builder of pure and rich blood.

Nearly everybody needs a good Sarsaparilla every spring. And if they need a good Sarsaparilla they need the best Sarsaparilla—That's Ayer's.

"For 25 years I have taken Ayer's Sarsaparilla every spring. It cleanses my blood so thoroughly, makes me feel so much better in every way, that I would not like to miss it. Indeed, I may say it makes a new man of me."
JOHN POPE HODNETTE, Brooklyn, N. Y.

One dollar a bottle. All druggists.

Ask your doctor what he thinks of Ayer's Sarsaparilla. The probability is he has prescribed it a great many times and knows just what it will do. Then ask him if he does not think it is precisely the medicine you need this spring.

BESIDE HIS FRIEND'S GRAVE

GEORGE W. MOORE WAS FATALLY STRICKEN.

Died at His Home Three Hours Later From Effects of Hemorrhage—Other Mortuary Matters.

Standing beside the grave of William Morris, his friend of many years, at Lindenwood cemetery Tuesday afternoon, Engineer George W. Moore, of the Nickel Plate, was stricken with hemorrhage of the lungs and three hours later passed away at his home, 57 Elm street.

The sad affair lent a tinge of the tragic to the solemn funeral service of Engineer Morris. Engineer Moore was standing with other sorrowing friends at the grave, and immediately after the casket had been lowered he became suddenly ill. He stepped back to the carriage in which he had driven to the cemetery, and as he did so was seized with a very severe hemorrhage of the lungs. A moment later he was unconscious. He was believed to be dying, and the patient was hurriedly driven to his home. Physicians had been summoned by telephone, and Dr. G. B. Stemen was at the residence upon the arrival of the carriage. Later the family physician, Dr. A. P. Buchman, arrived.

Mr. Moore was extremely weak from loss of blood, but regained consciousness in about an hour, though his condition was such as to offer little hope of permanent recovery. For several hours the physicians worked over him in an attempt to carry him through the crisis, but the effort was unavailing, and Mr. Moore passed away shortly after 6 o'clock. Mr. Moore and Mr. Morris, whose funeral he was attending when stricken, have been the warmest friends for many years. Both were Nickel Plate engineers, both prominent in Masonry, and it is a singular and sad coincidence that one should be summoned while paying the last tribute of respect to the other's memory.

George Wendell Moore was a native of Starke county, Ohio, and his age was fifty-six years, six months and twenty-four days. He was formerly an engineer on the Baltimore and Ohio railroad, but came to Fort Wayne when the Nickel Plate was opened for business in 1882, and has been one of the most popular passenger engineers on that line. He has been for some time a sufferer from stomach trouble, and during the past two months has been compelled to take a vacation on account of impaired health. Surviving are the widow and three children—Eva, William and Edith Moore.

The deceased was a member of Summit City lodge No. 170, F. and A. M., and also held membership in the Scottish Rite, where he had reached a high degree. He was prominently identified with the Brotherhood of Locomotive Engineers and was a charter member of Bethany Presbyterian church, and an officer in that congregation. In every circle of his acquaintance Mr. Moore was most highly esteemed, for his lofty integrity, his genial manner and his unfailing cordiality made him a universal favorite. He will be most sincerely missed.

The funeral services are to be in charge of the Masonic fraternity, and the remains will be taken to the old home at Newark, Ohio, on Thursday for interment.

FUNERAL ANNOUNCEMENTS.

Green.—Funeral services of Walter Green will be held Thursday afternoon at 2 o'clock from the residence of his sister, Mrs. Anna Downer, 89 West Third street, Rev. C. E. White officiating.

SCHOOL BOARD RETURNS.

The city school board returned last evening from Toledo, where, in company with Architect Weatherhogg, they were inspecting the manual training school and the public library buildings. While these institutions are very fine in some respects, little was learned which will be adaptable in Fort Wayne. The board will hold a meeting this evening and will probably arrange for a trip to Indianapolis to be made the latter part of the week.

T. L. Staples, proprietor of the International Business college, has awarded the contract for the halftone engravings for the college annual to the Barnes, Crosby company, of Chicago.

THE JEFFERSONIANS MEET

DEMOCRATIC CLUB READY FOR THE CAMPAIGN.

Committees to Aid City Central Committee Will Go to Work in Each Ward.

The Jefferson club met last evening at the club rooms, corner of Berry and Clinton streets, and a rousing meeting it was, too. During the evening Comptroller Berghoff, Councilmen Hosey, Hench, Schuhler and others dropped in and delivered ringing speeches. The meeting was for the purpose of outlining the work of the club during the approaching municipal campaign and a systematic plan was adopted. There was much enthusiasm during the entire session and it was freely stated that if the democratic majority this spring fell short of 2,500, the club would be willing to shoulder the blame. The detail work of the campaign was divided and assigned to ward committees composed of the following named gentlemen:

First Ward—A. E. Thomas, C. J. Ryan, D. C. Stout, George Lindemuth.

Second Ward—Dr. A. H. McBeth, H. A. Plumadore, John S. Foley, Capt. G. A. Gale, J. B. Monning and C. F. Baker.

Third Ward—George Stout, Fred E. Zollars, Edwin Quinn.

Fourth Ward—John Wilkinson, Nicholas Gilb, John Horstmeyer, Christ Hahn.

Fifth Ward—Joseph Hamilton, Ronald T. Dawson, Joseph E. Mason, Walter Mitchell, C. J. Griebel and William Morton.

Sixth Ward—A. C. Nierman.

Seventh Ward—Adolph Schulte, Harry Kinnerk, Frank Deck.

Eighth Ward—W. A. Hammond, J. B. White, Manford Edsall, Charles Scherer, Walter Immel.

Ninth Ward—Charles Shonts, John H. Buschman, Frank J. Belot.

Tenth Ward—Robert Lipes, Hugo Blumbach.

Ten new members were accepted.

ADAMS COMES TO TIME.

City Attorney Shambaugh, Charles McCulloch, Mr. Adams' backer, and J. T. Peter returned last evening from Lima, Ohio, where they had been in consultation with J. T. Adams, the South Wayne sewer contractor. The conference was held in Ohio on account of the aversion of Mr. Adams coming to Indiana. The twenty-day limit given Mr. Adams by the board of works has nearly expired and he realized that something must be done at once. Mr. Peter, in order to facilitate matters, reviewed the work again last week and made a slight revision in his original figures, reducing his offer materially. Mr. Adams saw the futility of holding off any longer and agreed to the provisions of the contract. A few minor details remain to be settled and the contract and bond will be finally completed within a few days. Mr. Peter states that he is prepared and is ready to commence work within twelve hours after the final details are arranged and he expects to be at work with a force of men by Monday next.

FROM LIEUTENANT FONNER.

Capt. W. F. Ranke this morning received a letter from Lieut. Bert Fonner, who is with the Thirty-first regiment at Zamboanga, Mindanao. Lieutenant Fonner says he is kept very busy, but there has been no fighting in his locality, and greatly improved conditions have followed the advent of the army into the province. While entirely satisfied with his position, the lieutenant confesses to a marked desire to drop into Fort Wayne once more. It is probable that his regiment will be mustered out in July.

MR. DUKE'S ROAD.

(Peru Chronicle.)

A. N. Dukes has informed a party representing an eastern syndicate "that the work of construction on an interurban electric line between Peru and Logansport will be commenced within thirty days and the completion pushed forward at once." This is the towpath line and will run from Fort Wayne to Lafayette, having no connection with any other project.

A TWENTIETH CENTURY MARRIAGE.

There was a novel wedding, says the Binghamton Leader, in the town of Union, last Wednesday, when Miss Estella Rockefellow, of Chicago, was married by means of graphophones to H. Allen Bush, of Westpoint, Ky., thereby overcoming a strict quarantine, and being wedded on the day fixed for the nuptial ceremony.

Miss Rockefellow and Mr. Bush had planned to be married at the home of the bride's sister in New York. Miss Rockefellow came east for that purpose. She stopped for a brief visit with friends in Union, and was there stricken with diphtheria.

The house was quarantined, no one being admitted, but the bridegroom conceived the idea of a graphophone wedding. He procured a clergyman and two machines. In one of these the minister's questions and Mr. Bush's answers were recorded.

The cylinders were then transferred and the graphophones sent to the bride. When they were set in motion she answered the questions propounded through one machine into the mouthpiece of the other, and in this way the nuptial knot was tied.

"Swapping records" does not sound quite so romantic as "led to the hymenial altar," but it is certainly up-to-date.

The Columbia Phonograph Co., No. 88 Wabash avenue, Chicago, headquarters for graphophones and talking machine supplies of every kind, will send you catalogues on application.

STRIKE IS ABANDONED.

Pittsburg, Pa., April 24.—The threatened strike of the brakemen and conductors on the McKeesport connecting railroad has been abandoned on acount of the refusal of Grand Secretary Welsh, of the Switchmen's National union, to sanction a sympathy strike. Left without support in their fight, the trainmen accepted the proposition of the company to reinstate all the employes and the road was in operation as usual today. No more trouble is expected.

NATIVE OUTLAWS KILLED.

London, April 24.—News has reached here of a severe battle in the vicinity of Fort Darwin, Mashonaland, between a force of Charterland police and natives from Chintsi under the outlaw Mahondara. Sixty of the outlaws were killed.

CHEW FOOD.

Chewing Preserves the Teeth and Helps Digestion.

The finest specimens of teeth are seen in animals and human beings who chew the food thoroughly.

Dentists agree that teeth must be used to properly preserve them and therefore they urge people to chew their food thoroughly, but the nervous, hurried manner of eating is altogether too common among people and when fed on soft mushes they are liable to swallow the food without chewing.

Dyspepsia and bad teeth are the result if this practice is continued. True, one can eat soft food without detriment if the necessity of chewing is remembered. Grape-Nuts food is so crisp and brittle and withal so pleasant to the taste that the user can not forget to chew and thus the teeth get the necessary use and the glands of the gums are made to give the juices that nature intends shall be mixed with the food before it enters the stomach. A New York doctor says many New Yorkers put a little sugar on oatmeal and then cover with Grape-Nuts, and this method compels the chewing necessary to digest the oatmeal.

Grape-Nuts food is pre-digested and also helps in digestion of other food. The doctor's plan might do for a variety, but Grape-Nuts and cream alone are considered ideal by hundreds of thousands of brainy people.

There are other reasons why those who eat Grape-Nuts look nourished and well fed. The food is made of parts of the field grains which nature makes use of in rebuilding brain and nerve centers. Proof will follow use.

Louisville reports the case of a monkey who got drunk and began throw away the money he had collected for his master at the hand-organ. Yet there are some people who continue to deny the relationship between monkeys and men.

A New York man is reported to have prepared a coffin with a burglar-proof safe at its head and proposes to take all his possessions into the grave with him. This will undoubtedly put his executors to the trouble of depositing in the mortuary safe a check for the full value of the estate.

Without a word about the insular relations cases, the United States supreme court has announced a recess until May 13, to be followed by adjournment on May 27. This does not necessarily indicate a postponement of opinion in the Porto Rican cases, for the recess will afford opportunity for preparation of opinions. Meantime, the court evidently thinks no harm is resulting from existing conditions, and the president will be back from his tour about adjournment time.

Lieutenant, or rather Commander, Hobson announces that when the exposition at Buffalo closes he will apply for leave to visit Spain, where he expects to be the guest of Admiral Cervera again, his first taste of the great Spaniard's hospitality having been after the sinking of the collier Merrimac in the harbor of Santiago. It appears from the newspaper accounts that Hobson has grown stout since he recovered from the typhoid fever and that he has shaved off his moustache. It remains, of course, for him to explain why he shaved off his moustache. Does he anticipate a descent by Spanish maidens in Cadiz?

The British horse breeders would have been delighted if the Boers could have stopped the shipment of American horses to South Africa. Their influence upon the government recently became strong enough to induce the war office to give their cattle a chance in the army. They would like to shut our animals out of the united kingdom entirely by an import tax of forty dollars per head, but this the ministry has so far been unwilling to grant. It is questionable if horses raised in the climate of England or Ireland are as desirable for service in South Africa as are the hardy variety bred in the American west, but the English horses are to have preference in the army for a time, and, doubtless, largely as an experiment.

THE COMPRESSOR BIDS.

Naturally the postponement by the board of works of definite action on the bids submitted for the construction of a compressor plant at the water station is seized upon by the republicans just at this time as offering something that may be converted into political capital. When all is understood we doubt not that the action of the board will be generally appreciated and approved. In the first place the bids range above $20,000 more than the board had been given to understand an air compressor plant could be installed for. Why bids should so extravagantly exceed all previous estimates is a matter that requires looking into. All talk of a scheme to practice hocus-pocus or to turn canal water in the city mains is idle and politics of the puerile sort. The canal scheme is dead as Davy Crockett and no one can revive that. The air-lift system has demonstrated to every reasonable satisfaction the presence of an abundance of water in the deep wells of the north side field, at the same time proving that the air-lift system is the best means to obtain that abundance for use of the people of this city. The air-lift system has been determined upon and will be installed. No sensible person will doubt the wisdom of the board of works taking ample time to inquire why bids are so high as well as to determine which concern bidding makes the best proposition for the city.

BIG SCRAMBLE FOR POSITION

EXECUTIVE STAFF FOR THE ELKS' CIRCUS.

All Wanted to be Star Performers in the Sawdust Ring, but Get More Responsible Positions.

It has leaked out that the management of the Elks' circus to be given during the state meeting of the fraternity in Fort Wayne June 13 is having troubles of its own, for every member insisted on being the star feature of the show. The executive committee in executive session, however, decided that some of the talent must forego the glitter of tights and spangles and take the more responsible stunts on the executive staff. The following appointments have been made:

Director of Parade—Henry Monning.

Ringmasters—W. F. Urbahns and F. S. Lightfoot.

Side Show "Barkers"—Lee Ivins and W. W. Mungen.

Side Show Lecturers—G. W. Wilson and W. H. Shambaugh.

Menagerie Lecturers—R. S. Viberg and F. E. Stouder.

Ticket Sellers—Augus McPherson, John B. Monning and Dave Eckert.

Door Tenders—Bird Wiley, Frank Stone, Bob Dickson and Harry Wiebke.

Reserved Seat Seller—Sam Hanna.

Reserved Seat Ushers—Alfred Hattersley, George Fox, Tom Dascomb, J. N. Bedson, Clem App, Albert Wolf, Max Blitz, Clyde Turner, Jake Dessauer and Harry Pickard.

Lemonade and Peanut Sellers—John Mohr, jr., Louis Fox, A. B. Trentman, A. J. Glutting, M. V. Walsh, E. W. Cook, P. H. Kane, H. P. Felts, Barney Fitzpatrick, Alfred Grindle, John B. Rauss, Louis Centlivre, Ed Orff, W. P. Breen, J. M. Robinson, August Bruder and Dr. Barnett.

Chewing Gum and Balloon Sellers—J. J. Bauer, Dick Townsend, Herman Tapp, Max Huffman, A. W. Golden, Cooney Bayar, George Ortleib, Frank Gruber, Captain Rohan, Gus Rabus, P. J. McDonald, William Kaough, F. Snyder, I. Mautner, Ed Franke, J. P. White and Sam Wolf.

Clown's Song Book Sellers—Abe Minskey and Charles Wolf.

Concert Ticket Sellers—A. W. Jaxtheimer, Charley Centlivre, Philip Rapp and William Schwier.

Property Man—Henry Myers.

Master of Horses—Fred Myers.

Hey Rube Clowns—George Ohneck and Byron Hattersley.

Other clowns, actors, side show freaks and performers are stage secrets that will not be made known previous to the show.

ACCEPTING INVITATIONS.

Dr. W. W. Mungen, who is at the head of the executive committee for the state meeting in June, is already receiving a large number of acceptances of invitations from prominent men in the order and there is every assurance that the Fort Wayne meeting will be a record-breaker. Among the eminent Elks who have already signified their intention of being present are Governor W. T. Durbin, who is a member of the Anderson lodge; Hon. C. E. Pickett, of Waterloo, Iowa, who will be the next grand exalted ruler of the order; Hon. Charles H. Smith, of Jackson, Mich., chairman of the grand lodge committee on laws and appeals, and Hon. W. B. Brock, of Lexington, Ky., who is grand esteemed lecturing knight of the order. Mr. Pickett is an orator of note and will be one of the prominent speakers at the meeting.

The executive committee will hold a meeting this evening at the lodge rooms to continue the preparations for the event.

GOOD-BYE TO REV. DR. PARR.

Evidences of unbounded regard and esteem for Rev. Dr. W. D. Parr and his family were manifested Tuesday evening by a large crowd of friends which gathered at the parlors of the Wayne street M. E. church to bid farewell to the pastor and his family, who leave this week for their new home at Kokomo. It was a farewell reception arranged by Dr. Parr's Sunday school class and the guests included not only the membership of the church, but many friends from other circles, including representatives from each of the veteran soldiers' organizations in the city. A very handsome combination sideboard and china closet was presented to Dr. Parr as a memento of Fort Wayne friends, the presentation address being made by W. E. Doud in a very happy vein. While Dr. Parr was making his response the veterans, under the leadership of Capt. Allan H. Dougall, stepped before him and saluted, while Captain Dougall voiced the regret of the veterans at the parting and spoke of the sincere regard in which the old soldiers held the minister who had proved to them a vigorous and steadfast friend. The scene was most touching and it brought tears to many eyes. Dr. Parr closed with an assurance of a most kindly memory of Fort Wayne and its people and during the evening bade good-bye to several hundred people. Refreshments and music were enjoyed during the latter portion of the evening.

RECEPTION AND DANCE.

Between 500 and 600 people assembled at Elektron hall last evening to enjoy the hospitality of Allen lodge, No. 29, Degree of Honor, which gave its second annual reception and dance there. Both halls were used, the smaller one as a pedro and refreshment room and the larger one for dancing, and both were filled with a jolly, happy people from 8 o'clock until 11:30. The Platt orchestra furnished the music for the dance program and a committee, of which Mesdames W. H. Hull and Martha M. Gordon were the chairmen, served refreshments and had general supervision over the affair. One of the most interesting features of the evening was a voting contest for a magnificent life-sized doll. The contestants were two pretty little girls, Hazel M. Hall, the daughter of Mr. and Mrs. E. M. Hall, of Gay street, and Jessie Rogers, the daughter of Mr. and Mrs. Warren Rogers, of Walton avenue. These little ladies worked industriously throughout the evening and when the time for closing the contest arrived they reported votes as follows: Hazel Hall, 2,350; Jessie Rogers, 1,560. The result was beyond the expectations of the committee and in appreciation of the efforts of the defeated contestant, the ladies decided to award her a prize also and today sent her a doll as pretty as the one her rival received.

BRIDGEMEN KILLED.

Beaver Falls, Pa., April 24.—One man was killed and two fatally injured at the Penn Bridge works today by the falling of a thirty-five-ton steel girder. The names: James Denwiddie, dead. Injured, Martin Shields and Charles Smith. Dinwiddie was crushed beyond recognition. Shields' and Smith's arms and legs were broken and they were injured internally.

STOMACHS THAT WON'T WORK.

That Retain the Food and Refuse to Digest it, Make the Head Heavy and the Nerves Weak, Need Stuart's Dyspepsia Tablets.

There is a cure for dyspepsia. Sufferers who have tried noxious nostrums will probably be skeptical but skepticism vanishes when Stuart's Dyspepsia Tablets are tried. Whether the trouble is dyspepsia of long standing, or merely a simple case of indigestion, relief is prompt and pronounced. The less the trouble the fewer tablets need be taken.

Heaviness after eating, sour stomach, as indicated by belching, fatigue with slight exertion, or with no exertion at all, disturbed sleep, nervousness, constipation, depression, "blues," these things can commonly be set down as symptoms of dyspepsia. And dyspepsia is merely indigestion in an aggravated form.

By promoting perfect digestion, Stuart's Dyspepsia Tablets produces strong nerves, restful, refreshing sleep, pure blood and good sound healthy flesh. They make the skin clear, the eyes bright, the mind cheerful.

Stuart's Dyspepsia Tablets are a medicine and more than a medicine. They digest the food and make it easy of assimilation, and they relieve the inflamed, diseased condition of the membraneous linings and the glands of the stomach and bowels. They help the digestive organs over the hard places, and put them into a healthy, active condition. They effect a quick and permanent cure. You don't have to continue taking them forever, still it is well to have a box handy and take one at the first return of the trouble.

Perfectly well people are made sick by eating too much, or unwholesome food, but not if they take a tablet after eating. Treatment with Stuart's Dyspepsia Tablets does not necessitate dieting or any change of habits. They digest the proper food and act upon the other kind in such a way as to make it pass off quickly and harmlessly. You may eat and drink what you like, when you like, and as much as you like if you take a tablet afterwards.

Stuart's Dyspepsia Tablets are sold by all druggists at 50 cents for full size package.

Send to F. A. Stuart Co., Marshall, Mich., for little book on stomach diseases, mailed free.

NEXT WINTER'S GAS SUPPLY

FORT WAYNE COMPANY NOW LOOKING AFTER IT.

Old Wells Show Reduced Pressure and About Forty New Ones Will be Drilled.

The Fort Wayne Gas company is already turning its attention to the matter of securing natural gas for consumers in this city next winter. Active measures are necessary, for it is stated that the present gas pressure is from twenty-five to thirty pounds less than was shown last fall. This includes the output from the new wells drilled last summer at the time the two pumping stations near Hartford City were built.

Superintendent Huffman tells The Sentinel today that the drilling of new wells to provide a supply of gas for next winter has already begun, and two wells have been drilled, the second having been completed Tuesday. It is the intention of the company to sink about forty additional wells in the territory east and west of Hartford City during the present summer, and this, it is hoped, will enable the company to keep the pressure up to the figures of the past winter, which were the most satisfactory for several years.

CALLS PEACE MEETING.

Indianapolis, April 24.—May Wright Sewall, representing the United States on the international peace committee of women, has issued a call urging the women throughout the country to arrange for meetings in behalf of international peace and arbitration, to be held May 18. The call says:

"Notwithstanding the discouraging conditions since the holding of The Hague conference and the many pessimistic jeers, it is certainly matter for grateful consideration that as a result of the conference the permanent court of international arbitration will convene at The Hague on the second anniversary of the conference—May 15."

TODAY'S BALL GAMES.

Detroit, April 24.—The Milwaukee team, which opens the American league season here, arrived last night. The weather is threatening and a postponement of the game to tomorrow is not unlikely.

Philadelphia, April 24.—The first clash of the season between rival clubs in the American and National leagues was scheduled heretoday. Wet grounds and rain still falling at noon forced a postponement of the games in both leagues.

New York, April 24.—New York and Brooklyn game postponed on account of rain. Game scheduled to be played in Brooklyn tomorrow will be played on New York grounds.

NAMES INDIANA SOLDIERS.

Washington, April 24.—The secretary of war today made public the names of the 588 men selected for first and second lieutenants in the regular army under the army reorganization bill. All of these men have had service either in the state or national volunteers or in the regular army. They have been ordered for examination and should they pass will be appointed. Indiana's allotment is fourteen, of which the following have been named: Charles S. Tarleton, John S. Johnston, George W. Biegler, Quincy E. McDowell, Charles R. Wood, Charles E. Dority, George E. Goodrich, Fred Alexander, Walter O. Bowman.

GOVERNOR CAN NOT COME.

Information to The Sentinel from Indianapolis today is to the effect that Governor Durbin will be unable to come to Fort Wayne on Friday to meet with the board of trustees of the School for Feeble Minded Youth, and that the meeting of the board has therefore been postponed until a later date.

Mr. and Mrs. John Dalman were guests of honor at a small dinner party given last evening by their daughters in honor of their return from a visit in California.

The wedding of Miss Neireiter and Henry W. Ropa took place this afternoon at the residence of the groom. Mr. Ropa is a clerk in the office of Councilman P. J. Scheid, at the Pittsburg round house.

Ath-lo-pho-ros

Expels RHEUMATISM

Sold by Druggists. *Booklet Sent Free.*
THE ATHLOPHOROS CO., New Haven, Conn.

Rheumatism means that there is something in the blood which ought not to be there. The disagreeable symptoms are not in the disease, but are the efforts of Nature to expel the intruder.

Ath-lo-pho-ros simply gives Nature a boost, and she finishes the job. Ath-lo-pho-ros in itself does not cure Rheumatism, it simply helps Nature. The fact that you have Rheumatism or Neuralgia in any form is proof that Nature needs help.

GREENSBURG, Pa., Jan. 23d, 1900.
I had been afflicted with rheumatism for years until two and one-half years ago I was recommended to try Ath-lo-pho-ros. I took four bottles and have not had rheumatism since. I want to write and tell you how much good it has done me. MRS. THOMAS PATTERSON.

FORT WAYNE, Ind., April 20, 1901.

To the Members of the Common Council.

Gentlemen: I have approved the following ordinance passed at your session of April 16, 1901:

GENERAL ORDINANCE NO. 171.
An Ordinance Confirming and Approving a Certain Agreement and Contract Made and Entered Into This 11th Day of April, 1901, by and Between the City of Fort Wayne, Through Its Board of Public Works, and L. B. McElhaney.

Respectfully submitted,
HENRY P. SCHERER,
Mayor.

Received and spread upon record.

INVITATION.

COLUMBUS, Ind., April 20, 1901.

To the Honorable Mayor and Common Council of the City of Fort Wayne, Ind.

Gentlemen: The Municipal League of the State of Indiana holds its regular meeting here on May 8, 9 and 10. As matters of great importance to all city and town clerks in the state will be discussed I urgently ask you to come. If your city is not a member of the League, come anyway, and persuade your council or town board to become members, as matters of vital interest will be presented beneficial to all corporations.

Trusting that I will have the pleasure of meeting you at our meeting, I am,

Respectfully yours,
JAMES COCHRANE,
City Clerk.

The invitation was upon motion of Councilman Ehrman accepted and the committee notified of the council's action.

RESIGNATION.

FORT WAYNE, Ind., April 23, 1901.

To Henry B. Monning, City Clerk.

I hereby send in my resignation as inspector of the Seventh Precinct, Second Ward, of the City of Fort Wayne, Ind., as I cannot get away from my place of business long enough to attend to the office.

Yours truly,
NICHOLAS HEINY.

Accepted.

RESIGNATION.

FORT WAYNE, Ind., April 23, 1901.

To Henry B. Monning, City Clerk.

I hereby tender my resignation as inspector of election for the Twenty-sixth Precinct, Wayne Township.

WILLIAM BOCK.

Accepted.

RESIGNATION.

FORT WAYNE, Ind., April 23, 1901.

To Henry B. Monning, City Clerk.

I hereby tender my resignation as inspector of election for the Thirtieth Precinct of Wayne Township.

REPORT OF COMMITTEE ON WATER WORKS.

To the Honorable Mayor and Common Council.

Gentlemen: We, your committee on water works, to whom was referred the report of the board of public works on water works for the month of March, 1901, respectfully report that we have examined the same and find it correct.

PETER J. SCHEID,
JOHN J. BAUER,

REPORT OF STREET LIGHT COMMITTEE.

FORT WAYNE, Ind., April 23, 1901.

To the Honorable Mayor and Members of the Common Council.

Gentlemen: We, your committee on street lights, to which was referred the matter of locating a light at the intersection of Wells street and Fairmount Place, would respectfully report that we have personally visited the location and in our judgment a light is necessary.

We would therefore recommend that a light be placed there, and that it should be placed on the west line of Wells street.

Respectfully submitted,
FRANK X. SCHUHLER,
G. R. HENCH,
WM. J. LENNART,
B. BORKENSTEIN.

Concurred in.

REPORT OF COMMITTEE ON CLAIMS.

To the Mayor and Common Council.

Gentlemen: Your committee on claims to which was referred the claim of Jacob E. Noble for damages to vehicle belonging to him report that the injury complained of by claimant was the result of a collision between the hose wagon of the city and the buggy of the claimant. The horses attached to the hose wagon became frightened and ran away, running into claimant's buggy. That claimant was without fault and the damages he received was thirty dollars, the same amount having been paid out by him in the repair of his buggy. The committee believes that the claim is a valid one and therefore recommends that the amount of thirty dollars be paid him.

Second. The committee also submits report upon the claim of Isadore Friend, filed against the city some time ago for an injury received by him by falling from a bicycle on Berry street. Claimant says that there was a defect in the asphalt pavement and without fault on his part he rode into it and was thrown from his wheel and received an injury to his arm. The committee has had the claim under advisement and made such inquiries as it considered necessary. It is of the opinion that the city ought not to pay the claim for the reason that if the street was out of repair, as claimant says, it had been in such a condition for some length of time and that he had been in the habit of riding by it several times a day in going to and from his place of business. That he ought to have been on his guard and avoided the defective part of the street.

Therefore the committee reports adversely to the claim.

A THOUSAND KNIGHTS HERE

BIG PYTHIAN CELEBRATION LAST EVENING.

Parade, Degree Work and Banquet—Visitors are Royally Entertained by Local Lodges.

More than a thousand Knights of Pythias from northeastern Indiana and northwestern Ohio assembled in the city last evening, comprising the 500 members of the order in Fort Wayne and about an equal number of visitors, for the conferring of the third degree on a class of sixteen candidates, twelve from this city and four from Findlay, Ohio. Everything passed off smoothly and the event was one that will live long in the memory of those who participated.

The visiting delegations were met at the depot by Fort Wayne lodge No. 116, and Phoenix lodge No. 101, who met in Phoenix lodge room, on Berry street, and marched to the station, headed by the K. of P. band. The train from Findlay, bearing the delegation from that city, arrived shortly after 7, and other trains with Knights from Kendallville, Columbia City, New Haven, Bluffton, Payne, Ohio, Monroeville, Churubusco and other towns were in within a half hour. The procession, with Col. C. E. Graves as marshal, and headed by the local K. of P. band, marched over the principal business streets of the city to the assembly room of the Fort Wayne lodge, Wayne and Calhoun streets. The streets along which the procession passed were lined with thousands of interested spectators and brilliantly illuminated with red lights. Martial music was furnished by the Findlay, Bluffton and Fort Wayne bands, the first mentioned making a most favorable impression.

Arriving at the lodge room, only the degree teams and those who were to participate in the exercises went in, the other Knights breaking up into small parties and occupying the time in divers ways until the trains left early this morning. The degree work commenced at 8 o'clock and lasted until 12:30, the exemplifying being done by the famous Findlay team. A banquet followed the ceremonies, covers being laid for 700 guests. The speakers for the evening were Hon. James M. Robinson, ex-Grand Chancellor J. E. McDonald, of Ligonier; Dr. A. S. Parker, of Kendallville; Grand Inner Guard Frank Dunten, of Lagrange; ex-Grand Chancellor James Hatfield, of Huntington; H. J. Smith, of Fort Wayne; Harry Nelson, of Bluffton; John F. Rankin, John Grim and M. K. Smith, of Findlay; Senator J. F. Heller and District Deputy Grand Chancellor C. E. Lancaster, of Columbia City.

The appended list does not give the full representation from each listed city, quite a large number of the Knights arriving during the day and spending the intermediate period with friends in the city. The list of cities and the number of delegates arriving on excursions from each follows: Findlay, 317; Bluffton, 200; Decatur, 50; Kendallville, 30; New Haven, 75; Columbia City, 30; Payne, Ohio, 50; Huntington, 20; Churubusco, 15.

BUTCHERS ORGANIZE.

A meeting of meat market employes was held last evening, a union was formed and officers were elected. A charter will be secured under the Amalgamated Association of Meat Cutters and Butcher Workmen of America. The chief aim of the union is to keep the butcher shops closed Sunday and they have the support of the employing butchers in this move. About half the workmen in the city are members and it is expected that the number will be greatly increased before midsummer. The officers are:

President—Henry W. Fry.
Vice President—W. Timmons.
Recording Secretary—Fred Schaphorst.
Financial Secretary—E. J. Kynaster.
Corresponding Secretary—B. Gage.
Treasurer—William Miller.
Guard—George Bender.
Guide—Theodore Smenner.
Trustees—Alex. Heit, John Yobst.
Delegates to Trades and Labor Council—H. W. Fry, William Timmons, William Miller, E. J. Kynaster and Fred Schaphorst.

Richard Jaekel, of 165 Ewing street, has received a letter from his parents, who are now on their way from Germany, stating that they will reach Fort Wayne about Thursday. Mr. and Mrs. Jaekel went to Germany a year ago with the intention of spending the remaining years of their life there, but became homesick and decided to return to Fort Wayne.

STEALS FROM HER FATHER.

Auburn, Ind., April 24.—Mrs. John Shroll is in custody here for the theft of $78 from her father, Joshua Parker, a veteran who lost both arms in the civil war. The woman came here practically penniless from Benton Harbor, Mich., where her husband is in business. Soon after the theft of the money suspicion was directed toward her, as she spent considerable in the shops. After her arrest Mrs. Shroll confessed. She said most of the money had been sent to Chicago to cover peculations there. A letter from George Beuber, Chicago, was found among her effects. The letter indicates that she is a professional thief. Letters of a similar character from other cities also were found. She is accompanied by her two children. Altogether she answers the description of a woman wanted in Fort Wayne for petty thefts. Mrs. Shroll is well known in this vicinity as Miss Swilley. She was brought up by the Swilleys of Hicksville, O.

"HEALERS" TO GO TO PRISON.

Kansas City, Mo., April 24.—S. A. Weltmer and J. H. Kelly pleaded guilty yesterday on nine counts charging violation of the postal laws. They were sentenced today. Weltmer and Kelly ran a "magnetic institute" at Nevada, Mo., and advertised to cure all ills by "absent treatment." They were taking in between $5,000 and $10,000 a week when the post-office department, made suspicious by the enormous increase in the post-office business at Nevada, shut them off with a fraud order. In three weeks mail containing $30,000 accumulated. Senator Burton, of Kansas, appeared for the defendants. He admitted their guilt, but declared his clients' motives were good; that they "sought to cure by suggesting health instead of suggesting disease."

LYNCHED AT COURT HOUSE.

Nashville, Tenn., April 24.—Last night at 9 o'clock a mob of one hundred men forcibly entered the court house at Springfield, Tenn., took Wyatt Mallory, a negro, from the officers guarding him and hanged him from the court house veranda. As the rope grew taut with the negro's weight each member of the mob fired a shot into the swinging body. Then the leader of the mob warned the sheriff not to interfere with the corpse until 10 o'clock this morning and it was left swinging from the place of execution. Monday, at Adams, Mallory fatally wounded J. H. Farmer, a white man. Yestrday the sheriff heard that a mob was forming and secretly removed the negro from the jail to the court house for safety.

BAPTIST WOMEN IN SESSION.

Muncie, Ind., April 24.—Delegates from Indiana, Illinois, Iowa, Michigan, Minnesota, Missouri, Nebraska, Ohio and Wisconsin are in Muncie today for the convention of the Baptist Women's Missionary Society of the West, which began its sessions last night. Three hundred delegates will be in attendance, together with numerous visitors and workers and missionaries from China, Burmah, Japan and Africa. President John E. Scott, of Evanston, Ill.; Mrs. M. A. Bacon, the secretary, of Chicago; Mrs. Matilda Klein, the treasurer, also of Chicago, and other officers arrived during the day.

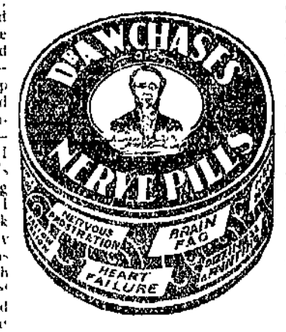
The Worst Strike on Earth

The strike that comes into every life is the demand for more nerve force. This nerve straining, brain working nation is at a high tension in every walk of life. Worked out nerves lose control of vital organs, then comes trouble. For instance—stomach nerves operate the creation of digestive fluid—called gastric juice—weak stomach nerves mean insufficient supply of this fluid—upset stomach—nervous dyspepsia—in fact most any kind of dyspepsia—same way with weakened heart nerves—they cause the heart to throb—flutter—palpitate—strike. Then there is the impaired brain nerve center with failing and fitful memory—mind clouded despondent—fretful—irritable. Brain fagged—sleepless—and so on with every vital organ—they are all under nerve control, and that is why Dr. A. W. Chase's Nerve Pills are making such astonishing cures. They provide nerve force to weak and wasted nerves—they act on the basis of "whatever damage occurs to any organ will be repaired by nature when needed nerve power is restored." They perfectly fill this requirement, they do what no other medicine can do.

Mr. Alonzo McDonald at the Zimmerman House on Hertel Avenue and Niagara Street, Buffalo, N. Y., says: "I am 58 years of age and ever since 1894 I have had a great deal of trouble—I was so intensely nervous that at times I could not keep quiet or content myself at anything—sleep I could not—I would fall asleep only to jump and wake up again. So many years of this played me out and I felt dead tired all the time—completely fagged out—I had no ambition at all—The mornings found me just as tired as when I went to bed. I was told of Dr. A. W. Chase's Nerve Pills and got a box at Seisser's Drug Store, corner Austin and Niagara Streets, and I must say they are the best medicine I ever took—they began to take effect very soon and my nerves got quiet—I began to sleep nights and as time went on, I slept splendidly—my strength came back and with it energy, and today I feel finely, I am only to glad to give this good word for them. I used to dread to go to bed and get up to all hours. Now I go to bed early in peace and my eyes are so much stronger.



Mrs. K. Gerrard of No. 29 Lowell Street, Buffalo, N. Y., says: "For some 21 years I have been excessively nervous—so much so that any loud sound at times upset me completely—Childrens noises irritated me beyond common—sleep I could not and would twist and turn, then get up, read or walk and then back to tumble again. This ran me all down and I grew weak and irritable. I was told of Dr. A. W. Chase's Nerve Pills and got a box at McEachren's Drug Store, No. 331 Vermont Street, and they did me lots of good. I am able to stand the noises and other inconveniences easily again—I sleep well and feel much better every way—They certainly are a fine Pill."

Mrs. Joseph Meykouski of No. 103 Military Road, Buffalo, N. Y., says: "I have always, since a small girl, had nervous headaches—the pain was so bad at times, I did not know what I was doing. I was asked to try Dr. A. W. Chase's Nerve Pills and can truthfully say they stopped them. This is naturally a great relief and I can commend them to others. All other remedies failed to accomplish the results.

The Portrait and Signature of Dr. A. W. Chase are on the genuine box, of dealers, or Dr. A. W. Chase Medicine Co., 18 Elicott St., Buffalo, N. Y. The above is a fac simile of the package. 50c a

Makes Happy Homes

Lehman, La., July 31, 1900.

We have been married twelve years and have done all we could to make our home happy. We have spent $150.00 with doctors to bring us a child, but have always failed. But on hearing of your Wine of Cardui I decided to try a bottle. I was surprised to find it to be just as it was represented and it was just what I needed. I became pregnant and expect to be confined in two or three months. Mrs. LINDA LAWRENCE.

Marriage, which does not culminate in motherhood, is a travesty on wedlock. It makes a home barren and desolate that ought to be happy. But careful investigation proves that actual barrenness is rare. Many women are denied the happiness of children in their home on account of some slight derangement of the generative organs which

WINE OF CARDUI

would cure. Instead of enjoying the privilege of motherhood many thousands of good women are languishing on beds of sickness, suffering dragging menstrual pains, the agonies of falling of the womb and the distress of leucorrhoea. Mrs. Lawrence had the same experience, but she was cured by Wine of Cardui, the same great medicine that has made many thousands of barren homes happy. You can be cured. Wine of Cardui regenerates the weakened female organs by building up the worn-out nerves, regulating the menstrual flow and restoring the fallen womb to its proper place. In strengthening the generative organs and reinforcing Nature's functions Wine of Cardui rarely fails to make childbirth possible. Your home can be a happy home. All druggists sell $1.00 bottles of Wine of Cardui. Take no substitute!

GAMES TODAY.

—National League.—

Chicago at Cincinnati.
Boston at Philadelphia.
Brooklyn at New York.
Pittsburg at St. Louis.

—American League.—

Cleveland at Chicago.
Milwaukee at Detroit.
Boston at Baltimore.
Washington at Philadelphia.

NOTES OF THE GAME.

There will soon be plenty of ball players lying around loose. The National league clubs cannot carry more than sixteen players and players to be released must be notified on or before May 5.

By next Thursday Walter Wilmot, of Louisville, will have a crowd of players bunched up that will make them all look sharp. Jack Grimm will be on first base, "Germany" Smith at short, Gene Bald and Kern, a pitcher, both with last year's Buffaloes; Zalousky, Burns and Lally, three from last year's Minneapolis team, and a half dozen others who know the game are among the players Wilmot has corralled to open with. Louisville has got over its fit at being represented in a minor league and is taking an interest in the game that is likely to prove profitable for the hustling manager.

There is nothing new in the Grand Rapids situation. The Grand Rapids papers are making grand stand plays and say that the "Welching" deacon has forced the association to capitulate and "Welcher" Ellis says that Fox and Ames will play with him or nowhere. It is needless to repeat that this is bosh. Ames and Fox will play with Fort Wayne until Fort Wayne releases them and then they will go where they please, but both declare they will not play with Ellis. Fox received a telegram from Ellis yesterday afternoon telling him to report there at once and if he did not like the town he could go back to Fort Wayne. Fox answered by mail that he would not play with Grand Rapids under any consideration. President Meyer has not yet received Ellis' money.

McLaughlin will umpire the first Toledo-Fort Wayne games, Latham will open the season in the Grand Rapids-Marion game, Hornung will officiate at the Dayton-Columbus games, and Gastreicht is supposed to hold the indicator at the Louisville-Indianapolis opening. Latham will umpire the first series here opening next Tuesday.

The Western association will start the ball rolling tomorrow. Fort Wayne will play at Toledo; Marion will play at Grand Rapids; Indianapolis will play at Louisville and Columbus will play at Dayton.

The Fort Wayne club will leave for Toledo at 5 o'clock tomorrow morning. The following players will be taken out on the first trip: Quinn, Babb, George Miller, Frank Miller, Nattress, Starke, Hanky, Fuller, Fox, Mullen, Ames, Fricken and Rapp, making thirteen in all, but with Secretary Hubbard the hoodoo will be broken, making fourteen men in the bunch. Manager Miller says he expects to come home with as good as an even break to his credit, there being four games played on the trip.

Hornung, MacLaughlin and Latham, of President Meyer's staff of umpires, have reported. Gastreicht has not showed up and has not been heard from. In case he does not present himself by evening, Tony Mullane, of Chicago, will be appointed in his stead and scheduled to fill his dates. Latham arrived last night and is at the New Aveline. He is handsome as ever and does not look a year older than he did forty years ago. He came from Philadelphia and has umpired a number of games this year, but all under last year's rules. He says that players as a rule are kicking against some of the new regulations, but he has not yet seen any actual workings under this year's order. Speaking of the foul-strike rule he said: "I think the pitcher has some the best of it, but it works both ways. The same rule was tried before, only the umpire was allowed to use discretion in judging whether a batter hit off a foul purposely or not. This year he has no discretion in the matter at all. Still the good batter has something to say. Any good batter can step up to the plate with the intention of taking two strikes. After he has them he can tip off fouls till doom's day and wear out the pitcher just the same; for inexperienced batsmen I think the rule is a little tough, because they can't hit them off as they like, but the old fellows will give the pitcher plenty to do and the good waiter will get his base just the same as before. However, I can't tell much about it until I try it."

ORATOR MIKE AGAIN IN LIMBO

FROM GRACE HE FELL WITH A DULL, DULL THUD.

Mayor Scherer Promises Him the Boon of a Long Dry Spell in Jail—Police Notes.

The Honorable Michael Kaylor presented himself at police court this morning and he was in a very penitent mood. Mike was up on the old time-worn charge of drunkenness and a superabundance of oratory. It has been only a week or so since he was released before the expiration of his sentence on a promise of good behavior and industry, he claiming that he had a job waiting for him. Within two hours of his release he was again howling drunk and never did go to work. Last evening he was arrested near the south depot and he was running over with orations. He was brought down in the patrol wagon and he filled the air with cuss words all the way down Calhoun street. Every time the wagon struck a chuckhole he let out a volley of oaths and interspersed his general remarks with a general tirade against the court house, the city administration and things in general. When called before the mayor this morning he professed great penitence and promised to swear off drinking for a full year if allowed to go. "That's no talk," said hizzoner. "If I let you go you'll be drunk inside of an hour and will want to run the whole town. I'll fix your fine at thirty-six days in jail and I'll see to it that you won't get out under my term at least."

Joseph Foote, a Wells street saloon keeper, had an affidavit filed against him for selling liquor without a license. He had promised to appear before the comptroller at 9 o'clock and take out the necessary papers. He failed to show up and a warrant was issued for his arrest.

Joseph Morgan, a young tough, was arrested this morning for drunkenness. He has been arrested before and was drunk when he appeared in court. "You are charged with being drunk," said the prosecutor. "Guilty or not guilty?"

"Hey?"

The question was repeated and he shouted, "Nit guilty."

He was fined $5 and costs and went below very sullen and swearing vengeance.

J. C. Moses, living at 114 Clinton street, called the police last night at 9:30 saying that he believed someone was in his house. Officer Strodel investigated, but found no trace of any visitor nor of any disturbance.

Residents in the neighborhood of Rockhill and Wayne streets reported the presence of suspicious characters in the vicinity. Sergeant Harkenrider investigated but found no prowlers.

Superintendent Gorsline last night stopped several street cars which persisted in breaking through the ranks of the Knights of Pythias parade. The cars were held about two minutes until the parade passed and were allowed to proceed. He was warmly thanked and his action was applauded.

THE MARKETS.

Chicago, April 24.—Excited trading in May corn was renewed today and another high mark attained. May opened unchanged to ½c higher at 46½c to 47c. Phillips, the bull leader, and a numerous following bid actively and in ½c leaps the price shot to 48c. Realizing caused a reaction to 47c, but the support was renewed and a rally to 47¾c followed. The news was all bullish. Cables were higher, crop bulletins reported that no corn had been planted north of the Ohio river, and the receipts, 80 cars, with 10 of contract grade, were the smallest for a year and a half.

Wheat shorts, alarmed by the corn strength and firmness of cables, bid that market up. May opened ½c to ⅝c higher at 71½c to 71¾c, touched 71⅝@71½c and advanced to 72c. Local receipts were 51 cars, 1 of contract grade. Minneapolis and Duluth reported 235 cars against 163 last week and 260 a year ago.

May oats opened a shade lower to unchanged at 25¾c to 25⅞c and rallied to 26¼c on a fair general demand due chiefly to the corn strength. Receipts were 163 cars.

Provisions were dull and easier. July pork opened 5c lower at $14.40; July lard 2½c down at $7.95@7.97½, and July ribs a shade depressed at $7.87½.

THE CLOSE.

Prices at the close were as follows:

Wheat—April, 72⅛c; May, 72⅛c; July, 72⅝c.

Corn—April, 47⅝c; May, 48⅛c; July, 44⅞@45c.

Coffee—Market dull; No. 7 Rio, 6⅛c.

THE DAY ON WALL STREET.

New York, April 24.—Union Pacific, Northern Pacific, St. Paul and Burlington were conspicuous features at the opening at advances of 1 to ¾. The opening in Union Pacific was wide on the purchase of 8,000 shares. Amalgamated Copper was lifted 1¼. Aside from these stocks the opening was rather quiet and fractional net gains were the rule, but among the few declines there were losses of 1 to 1 ½in New York Central, Northwestern and American Tobacco. The higher prices for Americans in London helped the opening here and there were supporting orders by local operators.

Selling was very large for a time after the opening and prices ran off to some extent, but determined support was offered by bulls, who absorbed some very large blocks, and the bears finally bought to cover shorts and prices advanced all around. Room traders helped the rally by bidding for large amounts of St. Paul, Atchison, Union Pacific, Northern Pacific and United States Steel. Stocks which had opened off recovered their losses and Northwest arose 2 points above yesterday's close. Sugar, People's Gas, Consolidated Gas and the Tractions made substantial gains and were unusually active.

Business was very animated at intervals, but became quieter after the selling was checked.

St. Paul, Union and Northern Pacific were the most actively dealt in and rose above the opening level on the rebound.

The market gained in strength during the forenoon, speculative buying of the active stocks being induced by the heavy purchases of Union Pacific, which carried it up 5⅛ to 103¼, the record price. The preferred stock gained 3 and the convertible bonds 1½. Southern Pacific rose concurrently to 52, St. Paul was 4 points above yesterday and Northern Pacific 2⅞. Minor railroads and miscellaneous stocks showed strength.

Lake Erie and Western, Colorado Fuel, National Biscuit, American Linseed and Wisconsin Central improved 1@4 points. But business was much congested in the four most active stocks.

Bonds were firm.

THE MONEY MARKET.

New York, April 24.—Money on call nominally at 4½ per cent; prime mercantile paper, 4@4½ per cent; sterling exchange steady with actual business in bankers' bills at $4.88⅛@4.88¼ for demand and at $4.85@4.85¼ for 60 days; posted rates, $4.85½@4.86 and $4.89; commercial bills, $4.84¼@4.84¾; silver certificates nominally 60c; bar silver, 59½c; Mexican dollars, 48½c.

ABOUT THE COURT HOUSE.

A. R. Kuhne, administrator of the estate of John Kaiser, has filed his final report.

Judge Aiken yesterday installed himself in the new superior court room. The painters vacated it yesterday morning and the work of removal commenced immediately and court was held there yesterday afternoon.

In the case of Ernest F. Witte vs. Agnes Buckel a decree to quiet title was ordered.

In the case of Ferris vs. Mrs. Lucinda Keef and Joseph Stutz, the case was dismissed as relating to the defendant Keef and judgment was rendered against the defendant Stutz in the sum of $65.

The Tri-State Building and Loan association has commenced action against A. M. Davis to foreclose a mortgage of $700.

The circuit court jury is today engaged in hearing the evidence in the slander case of Margaret Cronkheit vs. Amanda Sovene. The parties live in St. Joseph township and the evidence this morning was interesting and amusing. Mrs. Sovine is charged with saying that Mrs. Cronkheit was not a good neighbor and had a habit of slipping into the plaintiff's house and carrying away things that did not belong to her. A lot of cookies intended for a church social suddenly disappeared and the charging of the disappearance to Mrs. Cronkheit by Mrs. Sovine is what provoked the present suit.

Bertha M. Kinkley has commenced divorce proceedings against Edwin G. Kinkley.

The case of Benninghoff vs. Case is still on trial in the superior court before a jury.

In the circuit court the cases of Burnham vs. Taft and Warner vs. Meyers have been dismissed.

C. F. Pfeiffer has commenced suit against A. H. Kaiser et al on a note for $600.

In Bullermann's court the case of the state vs. Shaw for selling lottery tickets in a suit club has been venued to Justice Rayhouser, of Washington township.

Nerve Influence

Is the subtle force which controls the different organs of the body. It makes them strong or weak, healthy or diseased, according as the brain and nerves are strong and vigorous or weak and diseased. Weak nerves cause headache, nervousness, neuralgia, indigestion, heart trouble and many other forms of chronic weakness. Make the nerves strong, the brain clear and active and the body will be healthy and vigorous.

"I was taken with a peculiar ailment that affected my head and my nerves were all unstrung. I was very nervous, could not sleep and my mind was all confused. I doctored for several weeks without getting better and then began taking Dr. Miles' Nervine. The first bottle relieved me so much that I kept on, and when I had used seven bottles I was well."

Peru Chronicle: "Miss Clara Shirbondy, of Fort Wayne, is the guest of her brother Ed, the Wabash engineer."

RAMSEY REPLIES

GENERAL MANAGER MAKES A FAIR PROPOSITION.

WAGE SCALE SAME AS OTHERS

CANNOT PAY MORE THAN COMPETING LINES.

GRAND RAPIDS WILL FIGHT

WILL NOT WILLINGLY REDUCE FARES IN MICHIGAN.

Vice President and General Manager Joseph Ramsey, of the Wabash has replied to the request of some of the employes in the mechanical department of the service for an increase in wages and an adjustment of the hours of labor. Concerning the request for a conference from a committee claiming to represent the machinists of the Wabash system, Mr. Ramsey says he will meet them if the committee is composed of men who have been in the service of the company for some years and truly represent the mass of employes. He says that "the policy of the Wabash company is to pay as good wages to good men as are paid by other railway companies directly competitive with the Wabash for similar service and conditions of labor and that the rules will be equitable, just and liberal, so as to secure to all employes fair treatment." He reminds the old employes of the struggles of the Wabash in the past to make ends meet and says that for more than twenty years the company has not paid a cent of dividends to its stockholders, "but that all of its earnings have gone to pay the wages of employes, operating expenses, fixed charges, taxes, safety appliances and improvements to enable the Wabash to compete with its wealthier and better equipped competitors. It is, therefore, unfair to ask the Wabash to pay higher wages than companies with which it must compete for traffic, especially when those companies are among the strongest and best equipped railroads in the country. We will pay as good wages as these competitors, but under no circumstances will we pay higher wages than they do." Then follows instructions to ascertain just what other companies are paying employes, and Mr. Ramsey says if it is found that the Wabash is paying less than other companies, wages will be advanced accordingly. In conclusion Mr. Ramsey says: "Since July 1 we have been advancing wages of all classes of employes without solicitation and in the shops alone we have advanced the rates of pay of about 260 men, the increase amounting to fully $15,500 per year. From July 1 to March 31, a period of nine months, we have had, on account of wages and labor of all classes, an increase of over $400,000. These figures show that our employes are receiving a large portion of any prosperity which has come to the Wabash."

WILL FIGHT THE ORDER.

The Grand Rapids and Indiana railway may contest the order of Michigan Railroad Commissioner Chase S. Osborn for a reduction of passenger rates to two and a half cents per mile, says the Grand Rapids Press. The entire matter has been referred to the legal department of the road, and General Counsel T. J. O'Brien says that the law in question will be thoroughly inquired into and that the company will not submit unless it is clear that a refusal and a battle in the courts will be futile. So far no action has been taken toward compliance with the commissioner's order and since it sets no date upon which the reduced rates shall take effect the road proposes to abide its time.

If it shall be decided that the chances of the road are good or fair to defeat the commissioner in the courts the railroad company will merely continue along the present lines, charging three cents a mile, leaving the initiative in legal steps to be taken by the state. It is claimed by the Grand Rapids and Indiana that although the earnings of the road per mile showed up $2,000 last year and put the road in the two and a half cent a mile passenger rate class, the earnings this year will not run as high. Once the company comes down to two and a half cents it will have to remain there, and that is the reason for the present hesitancy. The company officials say they do not see how they are going to be able to reduce rates and still maintain the same service.

It is intimated that in event of its being decided that the best course is to submit to the commissioners' ruling, that it will become necessary to reduce the number of passenger trains on the line in some instances. It is quite likely that in event of the reduction of the Grand Rapids and Indiana rate to two and a half cents a mile that the 1,000-mile books will be called in and that other changes will be made in special rate tickets and the general passenger schedule.

THE JOY OF THE

house is the baby. No matter how many have come before, the latest arrival brings joy to all.

When the little one takes his first glimpse of the world, he is in, it is a minute of keenest joy.

Father is proud, mother is fond, brother is eager, sisters are tender, nurse is devoted; the whole human world is kind.

There is another, an under, world with enemies in it.

When baby gets into its shadow, be quick with Scott's emulsion of cod-liver oil—he is sure to get into its shadow; let him get no futher than into the edge of it. Health is the baby's life.

We'll send you a little to try, if you like.

CHARLIE COLERICK HURT.

Charlie Colerick, a clerk in the Pittsburg freight office, met with a painful accident yesterday. While moving about the warehouse, performing his clerical duties, his foot slipped down between the side of a car and the platform and his right leg was severely cut and bruised.

VOTE SUBSIDIES.

The proposition to subsidize the Cincinnati, Richmond and Muncie Railway company, submitted to the people of Peru and Converse yesterday, carried by overwhelming majorities. Peru will donate $60,000 and Converse $15,000. A similar proposition was defeated at Marion, Ind., where the company promised to locate its shops if the citizens would donate $100,000. Peru will now ask that the shops be located at that point.

DIRECTORS HAVE MEETING.

The Fort Wayne members of the board of directors of the Fort Wayne Electric company held a meeting at the works at 11 o'clock this morning. Only general business matters came before the board and the members took a look at the new factory addition. Otherwise no business of unusual interest or importance was transacted.

CLARK'S RAILWAY SCHEME.

New York, April 24.—The Herald is authority for the statement that it is asserted that Senator William A. Clark's millions are waiting to back the enormously valuable concession which has been made by the legislature in the Raines bill, giving the New York and New Jersey Bridge company the right to build a viaduct along West street, from Fifty-ninth street to the battery. Reports that Senator Clark is the chief figure in the syndicate which is said to be behind the bridge bill are said to be borne out by the fact that a member of his family is prominently connected with the project. Dr. Everett Mallory Culver, who married the daughter of the Montana millionaire, is president of the New Jersey bridge corporation, which is associated with a similar coporation headed by James S. Clarkson, in this state, in the great enterprise. Should all this be verified and should Senator Clark come into possession of the privileges given by the legislature, he would be able to dictate terms, it is said, to sixteen great railways, which would have to use his railway in order to get access to the docks.

BALL BEARING HAND CAR.

G. W. Hill, signal supervisor of the western division of the Pittsburg, Fort Wayne and Chicago road, is this week making a thorough inspection of the line so far as signals are concerned. He travels on a three-wheeled hand car which is something entirely different from the hand cars generally in use on Fort Wayne roads. This car was built at Three Rivers, Mich., and it arrived here Monday. It weighs forty-eight pounds, its frame is constructed of steel tubing, it has rubber tires, ball bearings and all the modern appliances of a first-class car for the convenience of the man who rides it. This car is capable of traveling eighteen miles an hour without undue exercion on the part of the person who propels it. It is light and consequently more easily upset than the common three-wheeled car, but on a straight track, Mr. Hill says, there is not the least danger of the wheels leaving the rails. He considers it a decided improvement over his old car.

FREEDOM FROM FATALITIES.

In conversation with a Sentinel reporter last evening, a well-known railroad man called attention to the almost immunity from death which had been the lot of Nickel Plate engineers on the fourth district up to last Saturday. During the twenty years the road has been in operation only one death from natural cause prior to Saturday morning occurred. That was Charles Gorman, who died of heart disease while seated at the throttle, just as the train stopped at Hammond, Ind., in the winter of 1890. It was near the close of the month and Mr. Gorman was making a record breaker in the way of runs made, he having forty days to his credit at that time. Considering the great number of men employed on that end of the road, this long immunity from death seems most remarkable. Since last Saturday morning a great change has occurred, however, and two of the most popular engineers in the service of the company have been called to their eternal home. The sad story of the demise of William P. Morris was told in Monday's Sentinel and elsewhere in today's Sentinel are the particulars of the death of George Moore.

CANADIAN RAILWAYS.

Canada has 17,824 miles of railway in operation and about 1,000 miles additional in course of construction. Much of the new road will pass through undeveloped territory, and, like much of the mileage in operation, could not have been built without liberal government subsidies. The Dominion government has since the beginning of railroad development in that country made grants to the several lines aggregating $151,161,423.48, besides contributions to the amount of $81,391,472.11 for maintenance and operation of government roads. In addition to this vast sum liberal aid has been extended from time to time by the provincial governments.

GREAT DEMAND FOR BRIDGES.

No fewer than seventy bridges, varying in length from thirty feet to 100 feet, have been requisitioned from a New York bridge company for railroad use in Cuba, says the Indianapolis Journal. This contract will mean the employment of over 5,000 tons of material. A bridge 1,276 feet long has been ordered for the Great Northern Railway company's extension into Canada, which work is being carried out by a Toronto firm. This structure will be built over the Rainy river. It will consist of four approach spans of 200 feet each and a draw span of 476 feet in length. The value of the contract is about $200,000. A viaduct, comprising four spans of 105 feet each and two spans of forty feet each, has also been ordered. The Quebec and Lake St. John Railway company is to be furnished with a forty-five-foot plate girder, three spans of sixty feet each and two spans of sixty-five feet each. The same bridge company has taken contracts for about 100 portable steel houses, for shipment to Venezuela, where such structures, it is said, find a ready market in view of the frequent earthquakes. These steel houses, which are one stories and weigh about twenty tons each, are said to be further in demand because of the lack of timber in Venezuela.

INDUSTRIAL NOTES.

Pittsburg Fireman C. A. Walsh is sick and off duty.

M. K. Griffith, who had been sick, resumed work in the Pittsburg blacksmith shop this morning.

Machinist George K. Barber, of the Pittsburg shops, is off duty today for the purpose of changing his place of residence.

M. E. Pence, a Nickel Plate fireman, who had a foot injured two weeks ago, has recovered sufficiently to resume work on the road.

Casper Lehmkuler is sick and J. C. Peoples, C. Forks and W. F. Baade are off duty for private business. They are Pittsburg shopmen.

The Relief union of the electric works will hold its annual election of officers at the close of working hours in the shops tomorrow evening.

Brakemen J. H. Kepler, J. W. Miller, L. Schoonover and E. M. Young reported for work on the Nickel Plate yesterday after a few days' absence.

R. J. Fisher, car wheel salesman for the Bass company, is in Detroit today, talking "wheels" to the railway officials of the roads centering there.

George Smith, of the Wabash blacksmith shop, who was injured at the big steam hammer in the shop about five months ago, has recovered and this morning resumed work.

Purchasing Agent F. I. Brown, of the Pittsburg, in in Chicago today on railway business. Mrs. Brown accompanied her husband and will spend the day with some friends.

T. J. Foley, inspector of transportation of Pennsylvania lines, is at home on account of the illness of his sister, Miss Jennie Foley, whose condition was quite serious for several days.

Machinist Allen Hamilton has returned from the east, where he went in the interest of the Carnegie library to be erected here soon and the proposed manual training and high school.

A bill is pending in the lower house of the Tennessee legislature, having passed the senate, making the long-and-short-haul clause of the state law mandatory instead of discretionary with the state railway commission.

Conductor Nicholas Murphy and Brakeman A. Conley, of the Grand Rapids and Indiana road, attended a big meeting of the Knights of Columbus at Battle Creek last Sunday. The chief features of the meeting were the initiation of a class of eighty-five applicants and a banquet given by the ladies.

J. J. Muir, former master mechanic of the Bass works, was in the city yesterday. From an employe of the Bass company he has become a patron, and his business yesterday was to get some repairs upon some traveling crane machinery in the works of the National Casting company, of Montpelier, of which Mr. Muir is the superintendent.

The New York Central and Hudson River railroad has established a new checking system for personal baggage which will be of great convenience to the traveling public. By the new system baggage may be checked through from principal stations on the line to any hotel, residence or dock in New York city, relieving the owner from the trouble of looking after it at the New York station. This is done for a uniform charge of 50 cents to pay for transfer.

A little over a year ago the Baltimore and Ohio management voted an expenditure of between $25,000,000 and $30,000,000 for improvement of its roadway and equipment. It has now decided to appropriate $10,000,000 more for the same purpose, making an expenditure of about $40,000,000 for betterment and equipment—an expenditure unprecedented in railroad history. The additional equipment will include 100 locomotives, 4,000 steel gondola cars, 2,500 box cars, 2,000 steel hoppers and 500 flat cars.

Blood Poison

THE MOST DESTRUCTIVE OF ALL HUMAN DISEASES.

The poison ejected from the fangs of the rattlesnake is not more surely fatal than the virus of Contagious Blood Poison, which pollutes and vitiates the blood, destroys the tissues and bones and eats like a canker sore into the flesh.

This horrible disease appears first in the form of a little sore or blister; soon the glands begin to swell, pimples break out on the body, the mouth and throat become sore, making it painful to eat or swallow; dreadful ulcers appear on the tongue, copper colored splotches and other characteristic signs of Blood Poison come as the disease progresses, and the destructive virus takes deeper hold upon the system. The medical men are as sorely perplexed over the character of this blood poison as ever; they tell you to take mercury and potash alternately for three years, but the stomach of no human being can stand this treatment long; besides, they do not cure the disease permanently, as thousands who have tried it know.

WELLINGTON, KAS., Sept., 1900.
I contracted Blood Poison two years ago this fall, and was persuaded to try a medicine widely advertised by a remedy company in Chicago. I was required to pay a large amount in advance, and can truthfully say that I was worse when the treatment was left off than when I began. Reddish pimples would break out and fill with yellowish matter; copper-colored splotches of all sizes would appear on my body; my throat was so sore I could scarcely swallow, and my mouth and tongue were seldom free from ulcers; tonsils were swollen, and my hair was coming out rapidly. This was my condition when I began your S. S. S. I have used twenty-two bottles, and am feeling splendid. Every sore on my body has healed, and my appetite good. JAKE MARTIN.

S. S. S. is the only guaranteed purely vegetable blood purifier, and the only antidote for this particular virus; it purifies the blood and builds up the constitution. The appetite improves almost from the first dose, the sores soon show signs of healing, and the unsightly, dirty splotches and eruptions grow paler and paler, and finally disappear.

S. S. S. is not a new medicine; for nearly 50 years it has been known and used for this dreadful disease. It has brought new life and hope to thousands all over this land; it will cure you as it has others. Send for our free book on home treatment and write our physicians about your case. We will help you if you will let us; we make no charge for advice, and all correspondence is conducted in strictest confidence. **THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.**

More than 10 years ago the Fair was started on Barr street in a very small (about one-tenth the size room we now occupy.) That means that we have enjoyed a large share of the people's patronage. However, there is always room for more, and in order to still increase our trade, we are now prepared to give you Blue premium tickets of double the value of any trading stamps, for you do not have to support 3 to 4 stamp companies. More than 1,000 articles to select from. Remember we can dress men, women, boys and girls from head to foot. In short, we are the only exclusive department store in the city. So if in need of dry goods, notions, clothing, furnishings, hats, caps, shoes, millinery, jewelry, plated ware, crockery and glassware,

CREST OF THE FLOOD DUE IN CINCINNATI.

Cincinnati, O., April 24.—What is believed to be the crest of the flood sweeping down the Ohio river reached here today. The river rose an inch per hour all night, and a stage of fifty-six feet was reached shortly before 6 a. m. This is six feet above the dangar line for business sections, and eleven feet above the line where the water enters the tenement houses along the river front.

The city is surrounded by back water on the east and west as well as along the south side, but it is estimated now that the stage of fifty-eight feet will not be reached here and that the highest point will come today and relief soon will follow.

The conditions on the Kentucky side have not changed. The relief that is in sight here clears everything for the 480 miles up to Pittsburg and the rivermen say that the lower Ohio valley will not suffer so much, as the tributaries below here are not so high as those in the upper valley.

The river at 7 a. m. stood at 56.4 feet; at 8 it had risen to 56.6 and at 9 a. m. to 56.7. The weather is clear and warmer. Advices from up the river show the water falling above Parkersburg and nearly stationary from there to Point Pleasant.

Following were the reports at 7 a. m.: Parkersburg, 43.7; rising, light rain; Charleston, Kanawha, 19.2; falling, rain; Point Pleasant, 53; rising, light rain; Huntington, 56.8; rising, cloudy; Catlettsburg, 58.3; rising, cloudy; a rise of three feet during the night from the Big Sandy; Portsmouth, 57.3; rising, fair. These advices indicate a possible rise here until tomorrow, with a probable maximum of something more than 58 feet.

At Huntington, W. Va., at 8 a. m. a rise was reported at the rate of an inch every two hours. The Mud and Guyandotte rivers were again rising at headwaters.

At noon the river here touched fifty-seven feet. It should come to a stand here during Thursday, but from the morning reports it is feared that it will now exceed the forecast limit of fifty-eight feet by not less than a foot.

The weather outlook is favorable and the river situation in the upper Ohio is encouraging.

GREAT ALARM FELT.

Sharon, Pa., April 24.—More alarm is felt in Sharon and Wheatland over the flood that is sweeping the valley than at any time since 1893, when the Shenango river reached the highest stage in its history. Portions of the city are already under water, scores of families have been compelled to leave their homes and many factories have already been forced to shut down by the high water, throwing hundreds of men out of employment.

TOWN UNDER WATER.

Greenville, Pa., April 24.—As the result of the melting snow and heavy rains of the past twelve hours the Shenango river has overflowed its banks. Twenty-five houses on Race street are surrounded by from two to six feet of water. The Bessemer and Lake Erie railroad is experiencing trouble at Osgood and points toward Butler.

NEAR HIGHEST MARK.

Youngstown, Ohio, April 24.—The Mahoning river this morning is within two feet of the great flood of 1878, the highest ever reached in the Mahoning valley, and is steadily rising. Steady rain is reported at the headwaters and along the upper part of the valley. The suburb of Hazelton is inundated and several mills have been compelled to suspend operations by reason of the pits being flooded.

RIVER RISING AT LOUISVILLE.

Louisville, Ky., April 24.—At 10 a. m. today the river here was rising at a fraction of over two inches an hour, with 26.8 feet in the canal, 24 feet on the falls and 52 feet below the locks. The danger line is 28 feet at the upper canal gauge and the local weather bureau forecaster believes this will be passed about noon tomorrow. Water has reached the business houses at the foot of Fourth, Fifth, Sixth and Seventh streets and is several feet deep in many cellars. All goods stored there were removed several days ago and the only losses suffered by the merchants will be the expense of moving and the consequent inconvenience.

HEAR NOTHING OF TROUBLE

NO REPORT OF THE CHAFFEE-VON WALDERSEE ISSUE.

State Department Does Not Understand the Nature of the Dispute Over the Gate in Pekin.

Washington, April 24.—Nothing is known here officially of the reported issue between General Chaffee and Count Von Waldersee as to the possession of the gate to the Forbidden City now held by the American troops.

The officials are not able to offer any definite theory in explanation of General Chaffee's action. On one hand it is suggested that this particular gate may give access to the place selected by Minister Rockhill and Mr. Squire for the future American legation. On the other hand it it recalled that the American troops were the first to possess themselves of this gate, and General Chaffee may feel it to be his duty, when he relinquishes his position, to turn it over to the Chinese, its original possessors. No one here is aware of any special title in this property possessed by the Germans.

The fact that the matter has not yet been made the subject of an official report inclines the officials here to the belief that it can be adjusted directly in Pekin and may not assume serious proportions.

"BILLY" SMITH IS DEAD.

London, April 24.—"Billy" Smith, the American pugilist who was knocked out in the eighth round of a contest with "Jack" Roberts for the 126-pound championship of England at the National Sporting club Monday night, and who had lain unconscious in a hospital since, died at 11:45 o'clock this morning.

LOCAL LINES.

Miss Mae Hine has returned from a visit with friends at Lima, Ohio.

Captain and Mrs. F. E. Saxton, of Richmond, Ind., are the guests of friends in the city for a few days.

James F. Tricocy has been granted a permit to erect a dwellin ghouse on South Lafayette street, to cost $700.

The men of the West Jefferson street church of Christ will have a social evening in the church parlors Friday evening.

Mrs. M. F. Schick this afternoon entertained a large company of ladies in a most delightful manner at a "butterfly" party.

President Bryce, of Columbus, says that he expects that the crowd at Neil park at the opening of the home series at Columbus will number 4,000.

Sipe's educated animal and Lilliputian show is billed for an appearance in Fort Wayne May 1. The tents will be spread at West Jefferson and Fulton streets.

Architect Grindle returned this morning from Pittsburg, where he was in consultation with Mr. Carnegie's expert regarding the new public library for Fort Wayne.

Jack Sheridan, the American league umpire, is reported insane. While on his way from California to Chicago Sheridan got off at Marceline, Mo., donned his uniform and started to umpire an imaginary game in the middle of the street. He is under the care of friends in Chicago.

Two drunks were arrested today and locked up for an interview with the mayor in the morning. One was a musical sort of an individual, who made the welkin ring wth melodious songs from the railroad to the court house, where he was steered against a patrol box. The other victim was trying to pick animals off a bill board when interrupted by the officer.

Rev. W. E. Wight, of Kalamazoo, has returned to the city and is continuing his lectures at the Berry Street M. E. church to large and enthusiastic audiences, and interest is increasing daily in his splendid exposition of the Book of Revelation. The subject for Thursday evening is "The Resurrection of the Saints." Bible study is held each afternoon at 2 o'clock.

PANAY IS PACIFIED

INSURRECTION IS ENDED IN THAT ISLAND.

LEADERS HAVE SURRENDERED

MEANS THE RESTORATION OF PEACE AT ONCE.

OTHER INSURRECTOS QUIT

TWO THOUSAND BOLOMEN LAY DOWN ARMS AT ILOCOS.

Manila, April 24.—7:30 p. m.—Major Noble, adjutant general of the department of the Vizcaya, has received the surrender of Quentin Salas and three of his officers. All of the insurgents under Salas will surrender soon. It is claimed this will terminate the insurrection in the island of Panay.

It is estimated that there are 25,000 lepers in the Philippines and it is planned to isolate all of them on one island. Major Maus, the medical inspector; Captain Ahern, of the Ninth Infantry, and Captain Quartermaster Horton, comprising a board of officers appointed to select a suitable island for the purpose, have visited Busanga, Cuilion, Cogayan, Dejolo and other islands, and have made a report, but it has not yet been acted upon.

One hundred and fifteen officers and 2,157 bolomen have surrendered and sworn allegiance to the United States at Narvacan, province of South Ilocos.

The Americans are active throughout the archipelago accelerating surrenders.

The commissary investigation is progressing.

Several important witnesses in the Reed case have left Manila.

Harry Baldwin, Thomas Harris, Fred Macondry and H. Schindler, prominent merchants who are supposed to possess information concerning money paid to commissary officers, are detained as witnesses under $2,500 bail. Other arrests will be made. The trial of Captain James C. Reed (formerly depot commissary at Manila, who, as announced April 15, was arrested on the charge of participating in the commissary frauds) has been temporarily postponed.

NATURAL GAS DAYS ENDING.

Richmond, Ind., April 24.—J. C. Leach, the state gas inspector, said that the rapid decrease in pressure that has been noted on all the pipe lines the past winter is a certain indication that the days of naturnl gas are numbered. Scores of wells drilled the past winter in the midst of the belt, which at first showed strong pressures, were practically useless within ninety days.

Mr. Leach says that his only work now is directed toward keeping down the waste of the fuel in order that the state's resources in this respect may be preserved as long as possible. Many factories will still be able to use gas for some time, but there are many others that already are experimenting with fuel gas, and excellent results have been obtained. Mr. Leach does not think that the manufacturing interests of the state will be affected seriously, as the change is coming gradually.

WIDOW FEARS ARDENT LOVER.

Muncie, Ind., April 24.—John Cruise was jailed last night, charged with attempting to shoot Mrs. Mary Gannon, a widow with whom he boarded and of whom he is desperately jealous. It is further claimed that he threatened to use dynamite and once attempted to attack the woman with a corn cutter. She is the mother of twelve children, and her late husband left a farm of 150 acres near Hartford City. Cruise, she claims, fired two shots at her from a stable. Cruise says he was shooting at rats.

MAKE THEIR OWN DOLLARS.

Peru, Ind., April 24.—Robert Lobenthal, former Wabash fireman, was arrested yesterday for making counterfeit dollars and halves, and John Foley and Dave Holt were arrested for passing them. The work has been going on for a year or more. The gang intended to start an issue of gold next week. Their silver work is very crude looking. Part of the working outfit has been discovered at Lobenthal's home.

HIS HEART TORN OUT.

Decatur, Ind., April 24.—While at work in his shop yesterday J. W. Ralph, aged 45 years, a tinner, was torn to pieces by an explosion of gasoline in a fire pot. The man was stooping over the pot in the act of taking out a heated soldering iron when the explosion occurred. His body was horribly mangled, the heart being torn out and hurled ten feet away.

SHAMROCK'S MAST STEPPED.

Glasgow, April 24.—The Shamrock II. was towed to the Clyde trusts graving dock No. 3, where her racing mast was successfully stepped early this morning. Workmen are now engaged in removing the pontoons, which work, it is said, will be continued this forenoon, and the yacht will be self-supported. She will be floated out on the afternoon tide. Special constables have been engaged to keep the crowd of persons curious to see the concealed part of the yacht's underbody outside the dock gates. Even with her telescoping top-mast houses, the mast looks a tremendous spar, quite dwarfing every mast in the neighborhood.

VOTED NEW ISSUE OF STOCK

NATIONAL TELEPHONE DIRECTORS IN SESSION.

Will Expend About $28,000 in Extensions and Improvements—New Eastern Contract.

At their meeting held Tuesday afternoon at 4 o'clock the directors of the National Telephone and Telegraph company authorized the issue of $28,700 worth of new stock in the company to provide for extensions and improvements in the line now in contemplation.

The entire new stock issue has already been subscribed and the certificates are being issued today from the general offices in the Hamilton bank building. The improvements in immediate contemplation include a new toll-line from Kendallville to South Milford, and a number of farmer lines running in several directions from both Kendallville and Auburn. It is also the intention of the company to apply for a franchise to install a complete exchange at Garrett, where the city business is now almost entirely in control of the Central Union company.

Another important matter completed at Tuesday's session was the ratification of a new contract with the United States Telephone company of Cleveland, whereby the local company is given very liberal service connections with the entire Ohio system of the United States company, extending to Pittsburg. The completion of the lines now under construction will also give the National company connection with Philadelphia and Baltimore.

TROTTING KINGS TO RACE

MATCH MADE FOR CRESCEUS AND THE ABBOTT.

George Ketcham Finally Signs an Agreement and the Match Will Be for $12,000.

New York, April 24.—Secretary C. A. McCully, of the New York Trotting association, has just returned from Toledo, Ohio, after securing the signature of Geo. H. Ketcham, the owner of the trotting horse Cresceus, to an agreement for a match between The Abbott and Cresceus, to take place at Brighton Beach during the week beginning August 12. The agreement also bears the signatures of W. L. Marks, acting for John J. Scannell, and William A. Engemann, for the New York Trotting association.

The conditions of the race are best three out of five one-mile heats for a purse of $12,000, the winner to receive $7,000 and the remainder of the purse to go to the loser.

WOMEN MAY VOTE.

Albany, N. Y., April 24.—Governor Odell today signed the bill authorizing women taxpayers in villages and towns to vote on propositions to expend money for public purposes.

MARRIAGE LICENSE.

CUBANS ARE HERE

MEMBERS OF COMMISSION IN WASHINGTON.

THE VISIT OF IMPORTANCE

WILL HAVE A CONFERENCE WITH PRESIDENT.

PLANS FOR ENTERTAINMENT

MEMBERS OF COMMISSION REFUSE TO TALK.

Washington, April 24.—The commission of five delegates to the Cuban constitutional convention, consisting of Domingo Mendez Capote, Petro E. Betancourt, Rafael M. Portundo, Diogo Tamayo and Pedro Gonzales Llorente, who were sent to Washington to confer with the president regarding Cuban relations with this country, arrived here this morning, together with an interpreter, and representatives of the Havana press.

They were met at the station by Assistant Secretary of State Hill, Assistant Secretary of War Sanger, Captain Sawtelle and Lieutenant Overton, of the United States army, detailed for that purpose, and escorted to the Shoreham.

The delegates conversed with the reception committee through an interpreter, though most of them speak English very well. It was stated that arrangements for their visit to the president would be made through the war department.

General Wood, military governor of Cuba, also arrived this morning with his family and took apartments at the Richmond. He came to the war department and had a conference with Assistant Secretary Sanger. He sent his secretary to call on the Cuban delegation to ascertain their desires for the day, in order that he might be able to act as their escort, either to the white house or the war department.

General Wood has had no direct information from General Whiteside regarding the reported troubles at Santiago, but before he left Cuba he had been advised by General Whiteside that party strife was making some trouble in that municipality, and that disorders might be anticipated during the spring elections in other sections of the island.

After that, however, it is expected that the usual tranquility of the island will be resumed.

The delegates remained at their hotel most of the morning, as they were fatigued by the long railroad trip from Florida. Quite a number of officials called, including Assistant Secretary Hill, for the state department, and Assistant Secretary Sanger, for the war department, who left cards individually for each member of the delegation.

When inquiry was made of Diego Tamayo, one of the delegates, as to the plans of the party, he answered through the interpreter, Mr. Etanas, that the delegation felt it would be discourteous to enter upon a discussion of their business before they had called on the secretary of war.

As to their program of official visits, he said that they had had no opportunity thus far to learn the wishes of the officials here.

They expected to hold a meeting during the afternoon and determine upon a course of action.

Arrangements have been made at the war department by which the secretary of war will receive the delegation at 11 o'clock tomorrow morning and probably escort them to the white house about that time.

MUST AGREE SEPARATELY.

Pittsburg, Pa., April 24.—In conducting scale negotiations this year the officials of the Amalgamated Association of Iron, Steel and Tin Plate Workers expect to make the adjustments with the separate underlying companies of the United States Steel corporation, as heretofore, and not with the officials of the great combine. This statement was made by President Shaffer today, who added that if the general officials expected to enter into the negotiations he knew nothing of it.

FAMOUS AS A DENTIST.

Chicago, April 24.—A special to the Tribune from St. Louis, Mo., says: Dr. Henry Byron McKellops, of this city, is dead, aged seventy-eight years. He had an international reputation as an authority on all matters pertaining to dentistry and dental surgery. Dr. McKellops was born in Salina, near Syracuse, N. Y. In 1855 the Ohio Dental college conferred on him the degree of doctor of dental surgery; in 1895 he organized the Missouri Dental association; in 1868 he was chosen president of the American Dentists' association, and later of the Southern Dental association and the Mississippi Valley Southern Dental society. Dr. McKellops was commended for gallantry in the Mexican war, commanding Morgan's riflemen in that struggle between republics. He was quite wealthy.

PROPOSED FOR BISHOPRIC.

Rome, April 24.—The propoganda has decided to propose to the pope that he appoint Very Rev. John O'Connor, vicar general and at present administrator of the diocese, bishop of Newark. The report is confirmed that Father O'Connell, president of the American college in Rome, has been selected as the bishop of Portland, Me. His official nomination will be made known through a papal brief.

BIDS NEED CONSIDERATION

BOARD OF WORKS CANNOT BE IN TOO MUCH HASTE.

Character and Details of Compressor Plant Bids Such as to Make Time Necessary.

The purpose of the statement in an evening newspaper yesterday that the board of works postponed action on the compressor plant bids until a time beyond the city elections for ulterior purposes is so obvious as to need no light. The further statement that Councilman Mosey bitterly attacked the board of works for not taking immediate action was wilfully untrue. Councilman Mosey did nothing of the sort and did not take occasion to say anything either for or against any of the bidders or in favor of or hostile to postponement of decision on the bids.

The bids submitted all differ in the specifications and in the plans of construction. The Shaw-Kendall people included some things in their bid that were not included in others. The advertisement for bids and the specifications offered competitors did not specify the exact manner in which the work should be constructed, but stated that each bidder should submit a plan or a system, the principal and practically the only stipulation being that there should be two compressors, with a capacity of 4,000,000 each. All the balance of the details were left to the bidders and the board of works reserved the right to select what they thought was the best plan and system and the best bid. To decide upon a question of that character is not a matter of an hour's consideration and the board wisely decided to take plenty of time to study the different plans, consult experts and give the matter such mature thought as a contract of such proportions demands. The board is inclined to favor home industry as far as possible and will do so, but as an instance, while the Bass bid is lower than the Shaw-Kendall bid, the former provides for boilers which will necessitate the raising of the roof of the boiler house should that plan be adopted. There are many other similar things to be considered before it can be determined which is really the best and lowest bid. The charge that there are political interests to conserve by postponing the letting is groundless and the purpose of it too plain to fool anybody.

MR. BERGHOFF'S MAJORITY.

(South Bend Times.)

Henry C. Berghoff, democratic candidate for mayor of Fort Wayne, is credited with having declared that if he doesn't receive a majority of 2,500 over his competitor he will be woefully disappointed. These are big figures, but Mr. Berghoff is practically assured of a sweeping majority. He is strong with the people, and is certain to poll a large republican vote in addition to the full democratic vote. The republicans are, as usual, hampered by factional troubles in the city of Fort Wayne.

AFFRAY IN COURT ROOM.

Chicago, April 24.—Policeman William Messenger was mortally wounded in Police Magistrate Prindiville's court room at the Harrison street police station today shortly after adjournment by D. R. Nelson, against whom the officer had testified in a swindling charge. Nelson rushed upon the officer and shot him twice. A dozen policemen rushed upon Nelson and after a fusillade from the officers he fell mortally wounded with five bullets in his body.

A BAD MAN'S DOOM

BLACK JACK KETCHUM IS TO HANG FRIDAY.

A BLOODY CAREER WILL END

AN ATTEMPT AT RESCUE OF OUTLAW IS FEARED.

TAKEN TO PLACE OF SAFETY

NEW MEXICAN SCOURGE WILL SOON BE WIPED OUT.

Trinidad, Col., April 24.—"Black Jack" Ketchum, train robber, will be hanged at Clayton, N. M., on Friday. He will pay the extreme penalty for the robbery of an express train on the Colorado and Southern railway at Folsom, N. M., August 16, 1899.

Ketchum, single-handed, held up the express train, and was wounded in the fight put up by the train crew. Two of the latter—the conductor and the postal clerk—also were wounded. Ketchum was shot through the right arm and, after escaping, had it amputated.

After a long chase he was run down and taken to Folsom for trial. He was given the extreme penalty—death.

Since last September Ketchum has been in the Union county jail. Rumors began coming in that the outlaw bands of the southwest had taken steps for the rescue of their comrade. Measures were at once taken to prevent such an outcome.

It was decided to remove Ketchum to Clayton for execution. The sheriff of Union county, with a strong force of deputies, yesterday manacled the prisoner with a heavy steel belt around the waist. To this belt his left arm was chained, while his lower limbs were bound with steel bands.

To further ensure the enforcement of the court's mandate Ketchum was confined in a steel lined mail car with grated windows. Under these precautions the trip was begun to Clayton. The party passed through this city today, and the sheriff expressed full confidence in his ability to deliver his prisoner at Clayton before Friday and war off any attempt that may be made to wrench him from the grasp of the law.

PRUDENTIAL AGENTS COMING.

At least fifty agents of the Prudential Insurance company will gather in Fort Wayne tomorrow, and in the evening will listen to an address by Hon. Henry Bohl, of Columbus, who is superintendent of agencies for the Prudential company in Ohio and Indiana. The visitors will include all the agents and assistant superintendents of the Fort Wayne district, and a number of the company officials may be present. Supt. C. W. Noble has arranged to hold the meeting at the parlors of the Fort Wayne club at 7:30 o'clock.

The local headquarters of the Prudential company will be moved into the new quarters in the Y. M. C. A. building about May 1. The new furniture is now being installed.

LEASE IS SIGNED.

The lease of the Long block to Ohneck and Kaough was filed with the recorder today. It provides for a term o ten years, the rental for the first year to be $2,500 and for the remaining nine years $2,700 per year.

WILL GO TO WATERLOO.

Judge Chapin and Judge Vesey will go to Waterloo tomorrow to take evidence in the bankruptcy matter of the Lowenstein estate. A number of creditors are contesting the validity of a number of claims which have been filed, and the trip is made to avoid summoning a large number of witnesses to this city.

GASTREICHT DROPPED.

Umpire Gastreicht failed to show up here today and he has been dropped from the staff of the Western association. President Meyer has telegraphed "Tony" Mullane, of Chicago, and he will umpire the game at Louisville tomorrow and will officiate at all games which were to have been assigned to Gastreicht.

Pete Daniels and Lamont, both pitchers, were released today by the Fort Wayne management. Daniels' terms were not to the liking of the club owners and Lamont was not considered desirable for other reasons. Both are good men, but conditions prevented their retention by the Fort Wayne club.

IT IS A PITY SO FEW WOMEN

Are Entirely Free From Pelvic Catarrh.

Miss Anna Carsten, Clayton, Ill.

Miss Anna Carsten, Clayton, Ill., says: *"Your Peruna did me so much good, I believe I should have been dead by this time had I not used it. I am feeling so well now. I have not taken any medicine for four or five months. I can cheerfully recommend Peruna to my friends."*

Everywhere the people, especially the women, are praising Peruna as a remedy for all forms of catarrhal difficulties.

Rosa Tyler, Vice President of the Illinois Woman's Alliance, writes from 910 East Sixtieth street, Chicago, Ill., the following:

"During the past year I gradually lost flesh and strength until I was unable to perform my work properly. I tried different remedies, and finally Peruna was suggested to me. It gave me new life and strength. I cannot speak too highly of it."

The extreme sensitiveness of the mucous lining of every organ of a woman's body is well known to physicians. This explains why, in part at least, so few women are entirely free from catarrh. Peruna cures catarrh wherever it is located.

THE COUNCIL'S LAST MEETING

FINAL SESSION OF PRESENT BODY IS HELD.

Little Business to Transact and the Time is Taken Up With a Love-Feast.

The city council met last evening in regular session for the last time during this administration, and all were present save Haag, Hays and O'Ryan. The session was not called until after half past eight and was of short duration, there being very little business before the body. When the regular order had been disposed of Mayor Scherer arose and briefly addressed the members, thanking them all for their co-operation, their kindly forbearance and uniform kindness. The address, though very short, was full of feeling, came direct from the heart and was impressively spoken. The mayor said in substance:

"Gentlemen, this is our last meeting together, unless some circumstance should call us together once more. Some of you will be returned here and some may not. Until the votes are counted some of you who are expecting to return will not be certain. I have been your presiding officer for five years, and I want to thank you for the favors you have shown me and the great assistance you have been to me in official life. Some of you may retire, like myself, to private life, but whether you retire or remain, I hope and believe it will be as great a pleasure to you as it is to me, to look back upon the time we passed together in the people's service. I will hope to be able at some time to repay all of you for your courtesy and kindness to me during the years we have been here."

The address was warmly applauded and after it had subsided Councilman Schuhler, one of the retiring members, arose and said:

"It is the last time we shall meet officially, and I want to take advantage of the occasion to return my thanks for the courtesies received from each and every member of this city government. I am proud tonight, and every man here tonight, I believe, is proud of the acts of the government of which he has been a member and glad of what it has accomplished for our beloved home city. I thank you one and all for our friendly relations in the past. I shall not come back, but I hope the good name of the present administration will cling to the next ticket to be elected, from top to bottom."

There were cries for Eckert, but that gentleman declined to make any remarks. Privately he said that he had not made a speech while in the council and he did not propose to break the record at this time. A resolution of thanks was then drawn and signed by every councilman present. The resolution was as follows:

"Resolved, That this council tender its thanks to your honor, the mayor, for the impartial and just manner in which you have presided over our deliberations."

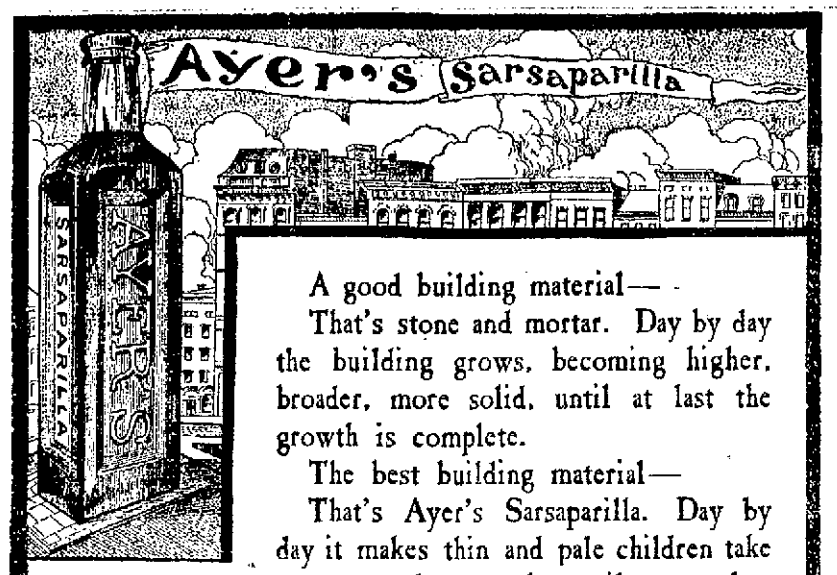
Councilman Hosey then rose and proposed a rising vote of thanks to Clerk Mouning, who would also retire after a five years' service, and the motion was amended by Councilman Bauer, who moved to have the clerk's name inserted in the resolution just passed; the amendment was adopted by a rising vote. Clerk Manning responded in what he declared was the first speech of his life, and he got away with it very nicely. He said that he entertained only the highest respect and admiration for the entire city council, each individual member of which seemed to have endeavored to make his duties as pleasant as possible; he should remember his years of association with them with great pleasure always and hoped that each one would be followed by continued prosperity in the years to come.

City Attorney Shambaugh was called on, but declined to talk; he said he did not propose to indulge in any valedictory exercises prematurely, and he did not believe in this retiring business.

BURNED A SMOKEHOUSE.

Fire destroyed a small smokehouse upon the premises of Henry Horman, at 115 Eliza street, shortly after 2 o'clock this afternoon, together with a quantity of meat which was in process of curing. The loss is estimated at $25.

Raymond, the little son of Mr. and Mrs. G. A. Selle, of Lakeside, who has been ill with typhoid malaria, is slowly convalescing.



A good building material—

That's stone and mortar. Day by day the building grows, becoming higher, broader, more solid, until at last the growth is complete.

The best building material—

That's Ayer's Sarsaparilla. Day by day it makes thin and pale children take on renewed strength, until soon they become stout and robust.

All puny and languid children need this great builder of pure and rich blood.

Nearly everybody needs a good Sarsaparilla every spring. And if they need a good Sarsaparilla they need the best Sarsaparilla—That's Ayer's.

"For 25 years I have taken Ayer's Sarsaparilla every spring. It cleanses my blood so thoroughly, makes me feel so much better in every way, that I would not like to miss it. Indeed, I may say it makes a new man of me."
JOHN POPE HODNETTE, Brooklyn, N. Y.

One dollar a bottle. All druggists.

Ask your doctor what he thinks of Ayer's Sarsaparilla. The probability is he has prescribed it a great many times and knows just what it will do. Then ask him if he does not think it is precisely the medicine you need this spring.

BESIDE HIS FRIEND'S GRAVE

GEORGE W. MOORE WAS FATALLY STRICKEN.

Died at His Home Three Hours Later From Effects of Hemorrhage—Other Mortuary Matters.

Standing beside the grave of William Morris, his friend of many years, at Lindenwood cemetery Tuesday afternoon, Engineer George W. Moore, of the Nickel Plate, was stricken with hemorrhage of the lungs and three hours later passed away at his home, 57 Elm street.

The sad affair lent a tinge of the tragic to the solemn funeral service of Engineer Morris. Engineer Moore was standing with other sorrowing friends at the grave, and immediately after the casket had been lowered he became suddenly ill. He stepped back to the carriage in which he had driven to the cemetery, and as he did so was seized with a very severe hemorrhage of the lungs. A moment later he was unconscious. He was believed to be dying, and the patient was hurriedly driven to his home. Physicians had been summoned by telephone, and Dr. G. H. Stemen was at the residence upon the arrival of the carriage. Later the family physician, Dr. A. P. Buchman, arrived.

Mr. Moore was extremely weak from loss of blood, but regained consciousness in about an hour, though his condition was such as to offer little hope of permanent recovery. For several hours the physicians worked over him in an attempt to carry him through the crisis, but the effort was unavailing, and Mr. Moore passed away shortly after 6 o'clock. Mr. Moore and Mr. Morris, whose funeral he was attending when stricken, have been the warmest friends for many years. Both were Nickel Plate engineers, both prominent in Masonry, and it is a singular and sad coincidence that one should be summoned while paying the last tribute of respect to the other's memory.

George Wendell Moore was a native of Starke county, Ohio, and his age was fifty-six years, six months and twenty-four days. He was formerly an engineer on the Baltimore and Ohio railroad, but came to Fort Wayne when the Nickel Plate was opened for business in 1882, and has been one of the most popular passenger engineers on that line. He has been for some time a sufferer from stomach trouble, and during the past two months has been compelled to take a vacation on account of impaired health. Surviving are the widow and three children—Eva, William and Edith Moore.

The deceased was a member of Summit City lodge No. 170, F. and A. M., and also held membership in the Scottish Rite, where he had reached a high degree. He was prominently identified with the Brotherhood of Locomotive Engineers and was a charter member of Bethany Presbyterian church, and an officer in that congregation. In every circle of his acquaintance Mr. Moore was most highly esteemed, for his lofty integrity, his genial manner and his unfailing cordiality made him a universal favorite. He will be most sincerely missed.

The funeral services are to be in charge of the Masonic fraternity, and the remains will be taken to the old home at Newark, Ohio, on Thursday for interment.

FUNERAL ANNOUNCEMENTS.

Green.—Funeral services of Walter Green will be held Thursday afternoon at 2 o'clock from the residence of his sister, Mrs. Anna Downer, 89 West Third street, Rev. C. E. White officiating.

Nahrwold.—Funeral services of Miss Emelia Nahrwold will be held Friday afternoon at 1:30 from the residence, 29 Wilt street, and at 2 o'clock from Emmanuel's Lutheran church.

SCHOOL BOARD RETURNS.

The city school board returned last evening from Toledo, where, in company with Architect Weatherhogg, they were inspecting the manual training school and the public library buildings. While these institutions are very fine in some respects, little was learned which will be adaptable in Fort Wayne. The board will hold a meeting this evening and will probably arrange for a trip to Indianapolis to be made the latter part of the week.

T. L. Staples, proprietor of the International Business college, has awarded the contract for the half-tone engravings for the college annual to the Barnes, Crosby company, of Chicago.

THE JEFFERSONIANS MEET

DEMOCRATIC CLUB READY FOR THE CAMPAIGN.

Committees to Aid City Central Committee Will Go to Work in Each Ward.

The Jefferson club met last evening at the club rooms, corner of Berry and Clinton streets, and a rousing meeting it was, too. During the evening Comptroller Berghoff, Councilmen Hosey, Hench, Schuhler and others dropped in and delivered ringing speeches. The meeting was for the purpose of outlining the work of the club during the approaching municipal campaign and a systematic plan was adopted. There was much enthusiasm during the entire session and it was freely stated that if the democratic majority this spring fell short of 2,500, the club would be willing to shoulder the blame. The detail work of the campaign was divided and assigned to ward committees composed of the following named gentlemen:

First Ward—A. E. Thomas, C. J. Ryan, D. C. Stout, George Lindemuth.

Second Ward—Dr. A. H. McBeth, H. A. Plumadore, John S. Foley, Capt. G. A. Gale, J. B. Manning and C. F. Baker.

Third Ward—George Stout, Fred E. Zollars, Edwin Quinn.

Fourth Ward—John Wilkinson, Nicholas Gilb, John Horstmeyer, Christ Hahn.

Fifth Ward—Joseph Hamilton, Ronald T. Dawson, Joseph E. Mason, Walter Mitchell, C. J. Griebel and William Morton.

Sixth Ward—A. C. Nierman.

Seventh Ward—Adolph Schulte, Harry Kinnerk, Frank Deck.

Eighth Ward—W. A. Hammond, J. B. White, Manford Edsall, Charles Scherer, Walter Immel.

Ninth Ward—Charles Shonts, John H. Buschman, Frank J. Belot.

Tenth Ward—Robert Lipes, Hugo Blumbach.

Ten new members were accepted.

ADAMS COMES TO TIME.

City Attorney Shambaugh, Charles McCulloch, Mr. Adams' backer, and J. T. Peter returned last evening from Lima, Ohio, where they had been in consultation with J. T. Adams, the South Wayne sewer contractor. The conference was held in Ohio on account of the aversion of Mr. Adams coming to Indiana. The twenty-day limit given Mr. Adams by the board of works has nearly expired and he realized that something must be done at once. Mr. Peter, in order to facilitate matters, reviewed the work again last week and made a slight revision in his original figures, reducing his offer materially. Mr. Adams saw the futility of holding off any longer and agreed to the provisions of the contract. A few minor details remain to be settled and the contract and bond will be finally completed within a few days. Mr. Peter states that he is prepared and is ready to commence work within twelve hours after the final details are arranged and he expects to be at work with a force of men by Monday next.

FROM LIEUTENANT FONNER.

Capt. W. F. Ranke this morning received a letter from Lieut. Bert Fonner, who is with the Thirty-first regiment at Zamboanga, Mindanao. Lieutenant Fonner says he is kept very busy, but there has been no fighting in his locality, and greatly improved conditions have followed the advent of the army into the province. While entirely satisfied with his position, the lieutenant confesses to a marked desire to drop into Fort Wayne once more. It is probable that his regiment will be mustered out in July.

MR. DUKE'S ROAD.

(Peru Chronicle.)

A. N. Dukes has informed a party representing an eastern syndicate "that the work of construction on an interurban electric line between Peru and Logansport will be commenced within thirty days and the completion pushed forward at once." This is the towpath line and will run from Fort Wayne to Lafayette, having no connection with any other project.

A TWENTIETH CENTURY MARRIAGE.

There was a novel wedding, says the Binghamton Leader, in the town of Union, last Wednesday, when Miss Estella Rockefellow, of Chicago, was married by means of graphophones to H. Allen Bush, of Westpoint, Ky., thereby overcoming a strict quarantine, and being wedded on the day fixed for the nuptial ceremony.

Miss Rockefellow and Mr. Bush had planned to be married at the home of the bride's sister in New York. Miss Rockefellow came east for that purpose. She stopped for a brief visit with friends in Union, and was there stricken with diphtheria.

The house was quarantined, no one being admitted, but the bridegroom conceived the idea of a graphophone wedding. He procured a clergyman and two machines. In one of these the minister's questions and Mr. Bush's answers were recorded.

The cylinders were then transferred and the graphophones sent to the bride. When they were set in motion she answered the questions propounded through one machine into the mouthpiece of the other, and in this way the nuptial knot was tied.

"Swapping records" does not sound quite so romantic as "led to the hymenial altar," but it is certainly up-to-date.

The Columbia Phonograph Co., No. 88 Wabash avenue, Chicago, headquarters for graphophones and talking machine supplies of every kind, will send you catalogues on application.

STRIKE IS ABANDONED.

Pittsburg, Pa., April 24.—The threatened strike of the brakemen and conductors on the McKeesport connecting railroad has been abandoned on account of the refusal of Grand Secretary Welsh, of the Switchmen's National union, to sanction a sympathy strike. Left without support in their fight, the trainmen accepted the proposition of the company to reinstate all the employes and the road was in operation as usual today. No more trouble is expected.

NATIVE OUTLAWS KILLED.

London, April 24.—News has reached here of a severe battle in the vicinity of Fort Darwin, Mashonaland, between a force of Charterland police and natives from Chintsi under the outlaw Mahondara. Sixty of the outlaws were killed.

CHEW FOOD.

Chewing Preserves the Teeth and Helps Digestion.

The finest specimens of teeth are seen in animals and human beings who chew the food thoroughly.

Dentists agree that teeth must be used to properly preserve them and therefore they urge people to chew their food thoroughly, but the nervous, hurried manner of eating is altogether too common among people and when fed on soft mushes they are liable to swallow the food without chewing.

Dyspepsia and bad teeth are the result if this practice is continued. True, one can eat soft food without detriment if the necessity of chewing is remembered. Grape-Nuts food is so crisp and brittle and withal so pleasant to the taste that the user can not forget to chew and thus the teeth get the necessary use and the glands of the gums are made to give the juices that nature intends shall be mixed with the food before it enters the stomach. A New York doctor says many New Yorkers put a little sugar on oatmeal and then cover with Grape-Nuts, and this method compels the chewing necessary to digest the oatmeal.

Grape-Nuts food is pre-digested and also helps in digestion of other food. The doctor's plan might do for a variety, but Grape-Nuts and cream alone are considered ideal by hundreds of thousands of brainy people.

There are other reasons why those who eat Grape-Nuts look nourished and well fed. The food is made of parts of the field grains which nature makes use of in rebuilding brain and nerve centers. Proof will follow use.

Louisville reports the case of a monkey who got drunk and began to throw away the money he had collected for his master at the hand-organ. Yet there are some people who continue to deny the relationship between monkeys and men.

A New York man is reported to have prepared a coffin with a burglar-proof safe at its head and proposes to take all his possessions into the grave with him. This will undoubtedly put his executors to the trouble of depositing in the mortuary safe a check for the full value of the estate.

Without a word about the insular relations cases, the United States supreme court has announced a recess until May 13, to be followed by adjournment on May 27. This does not necessarily indicate a postponement of opinion in the Porto Rican cases, for the recess will afford opportunity for preparation of opinions. Meantime, the court evidently thinks no harm is resulting from existing conditions, and the president will be back from his tour about adjournment time.

Lieutenant, or rather Commander, Hobson announces that when the exposition at Buffalo closes he will apply for leave to visit Spain, where he expects to be the guest of Admiral Cervera again, his first taste of the great Spaniard's hospitality having been after the sinking of the collier Merrimac in the harbor of Santiago. It appears from the newspaper accounts that Hobson has grown stout since he recovered from the typhoid fever and that he has shaved off his moustache. It remains, of course, for him to explain why he shaved off his moustache. Does he anticipate a descent by Spanish maidens in Cadiz?

The British horse breeders would have been delighted if the Boers could have stopped the shipment of American horses to South Africa. Their influence upon the government recently became strong enough to induce the war office to give their cattle a chance in the army. They would like to shut our animals out of the united kingdom entirely by an import tax of forty dollars per head, but this the ministry has so far been unwilling to grant. It is questionable if horses raised in the climate of England or Ireland are as desirable for service in South Africa as are the hardy variety bred in the American west, but the English horses are to have preference in the army for a time, and, doubtless, largely as an experiment.

THE COMPRESSOR BIDS.

Naturally the postponement by the board of works of definite action on the bids submitted for the construction of a compressor plant at the water station is seized upon by the republicans just at this time as offering something that may be converted into political capital. When all is understood we doubt not that the action of the board will be generally appreciated and approved. In the first place the bids range above $20,000 more than the board had been given to understand an air compressor plant could be installed for. Why bids should so extravagantly exceed all previous estimates is a matter that requires looking into. All talk of a scheme to practice hocus-pocus or to turn canal water in the city mains is idle and politics of the puerile sort. The canal scheme is dead as Davy Crockett and no one can revive that. The air-lift system has demonstrated to every reasonable satisfaction the presence of an abundance of water in the deep wells of the north side field, at the same time proving that the air-lift system is the best means to obtain that abundance for use of the people of this city. The air-lift system has been determined upon and will be installed. No sensible person will doubt the wisdom of the board of works taking ample time to inquire why bids are so high as well as to determine which concern bidding makes the best proposition for the city.

BIG SCRAMBLE FOR POSITION

EXECUTIVE STAFF FOR THE ELKS' CIRCUS.

All Wanted to be Star Performers in the Sawdust Ring, but Get More Responsible Positions.

It has leaked out that the management of the Elks' circus to be given during the state meeting of the fraternity in Fort Wayne June 13 is having troubles of its own, for every member insisted on being the star feature of the show. The executive committee in executive session, however, decided that some of the talent must forego the glitter of tights and spangles and take the more responsible stunts on the executive staff. The following appointments have been made:

Director of Parade—Henry Monning.

Ringmasters—W. F. Urbahns and F. S. Lightfoot.

Side Show "Barkers"—Lee Ivins and W. W. Mungen.

Side Show Lecturers—G. W. Wilson and W. H. Shambaugh.

Menagerie Lecturers—R. S. Viberg and F. E. Stouder.

Ticket Sellers—Angus McPherson, John B. Monning and Dave Eckert.

Door Tenders—Bird Wiley, Frank Stone, Bob Dickson and Harry Wiebke.

Reserved Seat Seller—Sam Hanna.

Reserved Seat Ushers—Alfred Hattersley, George Fox, Tom Dascomb, J. N. Bodson, Clem App, Albert Wolf, Max Blitz, Clyde Turner, Jake Dessauer and Harry Fickard.

Lemonade and Peanut Sellers—John Mohr, jr., Louis Fox, A. B. Trentman, A. J. Glutting, M. V. Walsh, E. W. Cook, P. H. Kane, H. S. Felts, Barney Fitzpatrick, Alfred Grimile, John B. Reuss, Louis Gentivre, Ed Orff, W. P. Breen, J. M. Robinson, August Bruder and Dr. Barnett.

Chewing Gum and Balloon Sellers—J. J. Bauer, Dick Townsend, Herman Tapp, Max Huffman, A. W. Golden, Cooney Bayer, George Ortleib, Frank Gruber, Captain Rohan, Gus Rahus, P. J. McDonald, William Knough, F. Snyder, I. Mantner, Ed Franke, J. P. White and Sam Wolf.

Clown's Song Book Sellers—Abe Minskey and Charles Wolf.

Concert Ticket Sellers—A. W. Jaxtheimer, Charley Gentlivre, Philip Rapp and William Schwier.

Property Man—Henry Myers.

Master of Horses—Fred Myers.

Hey Rube Clowns—George Olmeck and Byron Hattersley.

Other clowns, actors, side show freaks and performers are stage secrets that will not be made known previous to the show.

ACCEPTING INVITATIONS.

Dr. W. W. Mungen, who is at the head of the executive committee for the state meeting in June, is already receiving a large number of acceptances of invitations from prominent men in the order and there is every assurance that the Fort Wayne meeting will be a record-breaker. Among the eminent Elks who have already signified their intention of being present are Governor W. T. Durbin, who is a member of the Anderson lodge; Hon. C. E. Pickett, of Waterloo, Iowa, who will be the next grand exalted ruler of the order; Hon. Charles H. Smith, of Jackson, Mich., chairman of the grand lodge committee on laws and appeals, and Hon. W. B. Brock, of Lexington, Ky., who is grand esteemed lecturing knight of the order. Mr. Pickett is an orator of note and will be one of the prominent speakers at the meeting.

The executive committee will hold a meeting this evening at the lodge rooms to continue the preparations for the event.

GOOD-BYE TO REV. DR. PARR.

Evidences of unbounded regard and esteem for Rev. Dr. W. D. Parr and his family were manifested Tuesday evening by a large crowd of friends which gathered at the parlors of the Wayne street M. E. church to bid farewell to the pastor and his family, who leave this week for their new home at Kokomo. It was a farewell reception arranged by Dr. Parr's Sunday school class and the guests included not only the membership of the church, but many friends from other circles, including representatives from each of the veteran soldiers' organizations in the city. A very handsome combination sideboard and china closet was presented to Dr. Parr as a memento of Fort Wayne friends, the presentation address being made by W. E. Doud in a very happy vein. While Dr. Parr was making his response the veterans, under the leadership of Capt. Allen H. Dougall, stepped before him and saluted, while Captain Dougall voiced the regret of the veterans at the parting and spoke of the sincere regard in which the old soldiers held the minister who had proved to them a rigorous and steadfast friend. The scene was most touching and it brought tears to many eyes. Dr. Parr closed with an assurance of a most kindly memory of Fort Wayne and its people and during the evening bade good-bye to several hundred people. Refreshments and music were enjoyed during the latter portion of the evening.

RECEPTION AND DANCE.

Between 500 and 600 people assembled at Elektron hall last evening to enjoy the hospitality of Allen Rouge, No. 29, Degree of Honor, which gave its second annual reception and dance there. Both halls were used, the smaller one as a pedro and refreshment room and the larger one for dancing, and both were filled with a jolly, happy people from 8 o'clock until 11:30. The Platt orchestra furnished the music for the dance program and a committee, of which Mesdames W. H. Hull and Martha M. Gordon were the chairmen, served refreshments and had general supervision over the affair. One of the most interesting features of the evening was a voting contest for a magnificent life-sized doll. The contestants were two pretty little girls, Hazel M. Hall, the daughter of Mr. and Mrs. E. M. Hall, of Gay street, and Jessie Rogers, the daughter of Mr. and Mrs. Warren Rogers, of Walton avenue. These little ladies worked industriously throughout the evening and when the time for closing the contest arrived they reported votes as follows: Hazel Hall, 2,350; Jessie Rogers, 1,560. The result was beyond the expectations of the committee and in appreciation of the efforts of the defeated contestant, the ladies decided to award her a prize also and today sent her a doll as pretty as the one her rival received.

BRIDGEMEN KILLED.

Beaver Falls, Pa., April 24.—One man was killed and two fatally injured at the Penn Bridge works today by the falling of a thirty-five-ton steel girder. The names: James Denwiddie, dead. Injured, Martin Shields and Charles Smith. Denwiddie was crushed beyond recognition. Shields' and Smith's arms and legs were broken and they were injured internally.

STOMACHS THAT WON'T WORK.

That Retain the Food and Refuse to Digest it, Make the Head Heavy and the Nerves Weak, Need Stuart's Dyspepsia Tablets.

There is a cure for dyspepsia. Sufferers who have tried noxious nostrums will probably be skeptical but skepticism vanishes when Stuart's Dyspepsia Tablets are tried. Whether the trouble is dyspepsia of long standing, or merely a simple case of indigestion, relief is prompt and pronounced. The less the trouble the fewer tablets need be taken.

Heaviness after eating, sour stomach, as indicated by belching, fatigue with slight exertion, or with no exertion at all, disturbed sleep, nervousness, constipation, depression, "blues," these things can commonly be set down as symptoms of dyspepsia. And dyspepsia is merely indigestion in an aggravated form.

By promoting perfect digestion, Stuart's Dyspepsia Tablets produce strong nerves, restful, refreshing sleep, pure blood and good sound healthy flesh. They make the skin clear, the eyes bright, the mind cheerful.

Stuart's Dyspepsia Tablets are a medicine and more than a medicine. They digest the food and make it easy of assimilation, and they relieve the inflamed, diseased condition of the membraneous linings and the glands of the stomach and bowels. They help the digestive organs over the hard places, and put them into a healthy, active condition. They effect a quick and permanent cure. You don't have to continue taking them forever, still it is well to have a box handy and take one at the first return of the trouble.

Perfectly well people are made sick by eating too much, or unwholesome food, but not if they take a tablet after eating. Treatment with Stuart's Dyspepsia Tablets does not necessitate dieting or any change of habits. They digest the proper food and act upon the other kind in such a way as to make it pass off quickly and harmlessly. You may eat and drink what you like, when you like, and as much as you like if you take a tablet afterwards.

Stuart's Dyspepsia Tablets are sold by all druggists at 50 cents for full size package.

Send to F. A. Stuart Co., Marshall, Mich., for little book on stomach diseases, mailed free.

NEXT WINTER'S GAS SUPPLY

FORT WAYNE COMPANY NOW LOOKING AFTER IT.

Old Wells Show Reduced Pressure and About Forty New Ones Will be Drilled.

The Fort Wayne Gas company is already turning its attention to the matter of securing natural gas for consumers in this city next winter. Active measures are necessary, for it is stated that the present gas pressure is from twenty-five to thirty pounds less than was shown last fall. This includes the output from the new wells drilled last summer at the time the two pumping stations near Hartford City were built.

Superintendent Huffman tells The Sentinel today that the drilling of new wells to provide a supply of gas for next winter has already begun, and two wells have been drilled, the second having been completed Tuesday. It is the intention of the company to sink about forty additional wells in the territory east and west of Hartford City during the present summer, and this, it is hoped, will enable the company to keep the pressure up to the figures of the past winter, which were the most satisfactory for several years.

CALLS PEACE MEETING.

Indianapolis, April 24.—May Wright Sewall, representing the United States on the international peace committee of women, has issued a call urging the women throughout the country to arrange for meetings in behalf of international peace and arbitration, to be held May 18. The call says:

"Notwithstanding the discouraging conditions since the holding of The Hague conference and the many pessimistic jeers, it is certainly matter for grateful consideration that as a result of the conference the permanent court of international arbitration will convene at The Hague on the second anniversary of the conference—May 15."

TODAY'S BALL GAMES.

Detroit, April 24.—The Milwaukee team, which opens the American league season here, arrived last night. The weather is threatening and a postponement of the game tomorrow is not unlikely.

Philadelphia, April 24.—The first clash of the season between rival clubs in the American and National leagues was scheduled heretoday. Wet grounds and rain still falling at noon forced a postponement of the games in both leagues.

New York, April 24.—New York and Brooklyn game postponed on account of rain. Game scheduled to be played in Brooklyn tomorrow will be played on New York grounds.

NAMES INDIANA SOLDIERS.

Washington, April 24.—The secretary of war today made public the names of the 588 men selected for first and second lieutenants in the regular army under the army reorganization bill. All of these men have had service either in the state or national volunteers or in the regular army. They have been ordered for examination and should they pass will be appointed. Indiana's allotment is fourteen, of which the following have been named: Charles S. Tarleton, John S. Johnston, Geoerge W. Biegler, Quincy E. McDowell, Charles R. Wood, Charles E. Dority, George E. Goodrich, Fred Alexander, Walter O. Bowman.

GOVERNOR CAN NOT COME.

Information to The Sentinel from Indianapolis today is to the effect that Governor Durbin will be unable to come to Fort Wayne on Friday to meet with the board of trustees of the School for Feeble Minded Youth, and that the meeting of the board has therefore been postponed until a later date.

Mr. and Mrs. John Dalman were guests of honor at a small dinner party given last evening by their daughters in honor of their return from a visit in California.

The wedding of Miss Neireiter and Henry W. Rope took place this afternoon at the residence of the groom. Mr. Rope is a clerk in the office of Councilman P. J. Scheid, at the Pittsburg round house.

Ath-lo-pho-tes

Expels RHEUMATISM

Sold by Druggists. Booklet Sent Free. THE ATH-LO-PHOS CO., New Haven, Conn.

Rheumatism means that there is something in the blood which ought not to be there. The disagreeable symptoms are not in the disease, but are the efforts of Nature to expel the intruder.

Ath-lo-pho-tes simply gives Nature a boost, and—he finishes the job. Ath-lo-phos in itself does not cure Rheumatism, it simply helps Nature. The fact that you have Rheumatism or Neuralgia in any form is proof that Nature needs help.

GREENSBORO, Pa., Jan. 23d, 1900.

I had been afflicted with rheumatism for years until two and one-half years ago I was recommended to try Ath-lo-phos. I took four bottles and have not had rheumatism since. I want to write and tell you how much good it has done me. Mrs. THOMAS PATTERSON.

Respectfully submitted,
HENRY P. SCHERER, Mayor.

Received and spread upon record.

MAYOR'S COMMUNICATION.

EXECUTIVE DEPARTMENT, CITY HALL, FORT WAYNE, Ind., April 20, 1901.

To the Members of the Common Council.

Gentlemen: I have approved the following ordinance passed at your session of April 16, 1901:

GENERAL ORDINANCE NO. 171.

An Ordinance Confirming and Approving a Certain Agreement and Contract Made and Entered Into This 11th Day of April, 1901, by and Between the City of Fort Wayne, Through Its Board of Public Works, and L. B. McElhaney.

Respectfully submitted,
HENRY P. SCHERER, Mayor.

Received and spread upon record.

INVITATION.

COLUMBUS, Ind., April 20, 1901.

To the Honorable Mayor and Common Council of the City of Fort Wayne, Ind.

Gentlemen: The Municipal League of the State of Indiana holds its regular meeting here on May 8, 9 and 10. As matters of great importance to all city and town clerks in the state will be discussed I urgently ask you to come. If your city is not a member of the League, come anyway, and persuade your council or town board to become members, as matters of vital interest will be presented beneficial to all corporations.

Trusting that I will have the pleasure of meeting you at our meeting, I am,

Respectfully yours,
JAMES COCHRANE, City Clerk.

The invitation was upon motion of Councilman Ehrman accepted and the committee notified of the council's action.

RESIGNATION.

FORT WAYNE, Ind., April 23, 1901.

To Henry B. Monning, City Clerk.

I hereby tender my resignation as inspector of election for the Twenty-sixth Precinct, Wayne Township.

WILLIAM BOCK.

Accepted.

RESIGNATION.

FORT WAYNE, Ind., April 23, 1901.

To Henry B. Monning, City Clerk.

I hereby tender my resignation as inspector of election for the Thirtieth Precinct of Wayne Township.

F. C. REESE.

Accepted.

REPORT OF COMMITTEE ON WATER WORKS.

To the Honorable Mayor and Common Council.

Gentlemen: We, your committee on water works, to whom was referred the report of the board of public works on water works for the month of March, 1901, respectfully report that we have examined the same and find it correct.

PETER J. SCHEID,
JOHN J. BAUER,

REPORT OF STREET LIGHT COMMITTEE.

FORT WAYNE, Ind., April 23, 1901.

To the Honorable Mayor and Members of the Common Council.

Gentlemen: We, your committee on street lights, to which was referred the matter of locating a light at the intersection of Wells street and Fairmount Place, would respectfully report that we have personally visited the location and in our judgment a light is necessary.

We would therefore recommend that a light be placed there, and that it should be placed on the west line of Wells street.

Respectfully submitted,
FRANK X. SCHUHLER,
C. R. HENCH,
WM. J. LENNART,
B. BORKENSTEIN.

Concurred in.

REPORT OF COMMITTEE ON CLAIMS.

To the Mayor and Common Council.

Gentlemen: Your committee on claims to which was referred the claim of Jacob E. Noble for damages to vehicle belonging to him report that the injury complained of by claimant was the result of a collision between the hose wagon of the city and the buggy of the claimant. The horses attached to the hose wagon became frightened and ran away, running into claimant's buggy. That claimant was without fault and the damages he received was thirty dollars, the same amount having been paid out by him in the repair of his buggy. The committee believes that the claim is a valid one and therefore recommends that the amount of thirty dollars be paid him.

Second. The committee also submits report upon the claim of Isadore Friend, filed against the city some time ago for an injury received by him by falling from a bicycle on Berry street. Claimant says that there was a defect in the asphalt pavement and without fault on his part he rode into it and was thrown from his wheel and received an injury to his arm. The committee has had the claim under advisement and made such inquiries as it considered necessary. It is of the opinion that the city ought not to pay the claim for the reason that if the street was out of repair, as claimant says, it had been in such a condition for some length of time and that he had been in the habit of riding by it several times a day in going to and from his place of business. That he ought to have been on his guard and avoided the defective part of the street.

Therefore the committee reports adversely to the claim.

A THOUSAND KNIGHTS HERE

BIG PYTHIAN CELEBRATION LAST EVENING.

Parade, Degree Work and Banquet—Visitors are Royally Entertained by Local Lodges.

More than a thousand Knights of Pythias from northeastern Indiana and northwestern Ohio assembled in the city last evening, comprising the 500 members of the order in Fort Wayne and about an equal number of visitors, for the conferring of the third degree on a class of sixteen candidates, twelve from this city and four from Findlay, Ohio. Everything passed off smoothly and the event was one that will live long in the memory of those who participated.

The visiting delegations were met at the depot by Fort Wayne lodge No. 116, and Phoenix lodge No. 101, who met in Phoenix lodge room, on Berry street, and marched to the station, headed by the K. of P. band. The train from Findlay, bearing the delegation from that city, arrived shortly after 7, and other trains with Knights from Kendallville, Columbia City, New Haven, Bluffton, Payne, Ohio, Monroeville, Churubusco and other towns were in within a half hour. The procession, with Col. C. E. Graves as marshal, and headed by the local K. of P. band, marched over the principal business streets of the city to the assembly room of the Fort Wayne lodge, Wayne and Calhoun streets. The streets along which the procession passed were lined with thousands of interested spectators and brilliantly illuminated with red lights. Martial music was furnished by the Findlay, Bluffton and Fort Wayne bands, the first mentioned making a most favorable impression.

Arriving at the lodge room, only the degree teams and those who were to participate in the exercises went in, the other Knights breaking up into small parties and occupying the time in divers ways until the trains left early this morning. The degree work commenced at 8 o'clock and lasted until 12:30, the exemplifying being done by the famous Findlay team. A banquet followed the ceremonies, covers being laid for 700 guests. The speakers for the evening were Hon. James M. Robinson, ex-Grand Chancellor J. E. McDonald, of Ligonier; Dr. A. S. Parker, of Kendallville; Grand Inner Guard Frank Denton, of Lagrange; ex-Grand Chancellor James Hatfield, of Huntington; H. J. Smith, of Fort Wayne; Harry Nelson, of Bluffton; John F. Rankin, John Orin and M. K. Smith, of Findlay; Senator J. F. Heller and District Deputy Grand Chancellor C. E. Lancaster, of Columbia City.

The appended list does not give the full representation from each listed city, quite a large number of the Knights arriving during the day and spending the intermediate period with friends in the city. The list of cities and the number of delegates arriving on excursions from each follows: Findlay, 317; Bluffton, 200; Decatur, 50; Kendallville, 30; New Haven, 75; Columbia City, 30; Payne, Ohio, 30; Huntington, 20; Churubusco, 15.

BUTCHERS ORGANIZE.

A meeting of meat market employes was held last evening, a union was formed and officers were elected. A charter will be secured under the Amalgamated Association of Meat Cutters and Butcher Workmen of America. The chief aim of the union is to keep the butcher shops closed Sunday and they have the support of the employing butchers in this move. About half the workmen in the city are members and it is expected that the number will be greatly increased before midsummer. The officers are:

President—Henry W. Fry.
Vice President—W. Timmons.
Recording Secretary—Fred Schaphorst.
Financial Secretary—E. J. Kynaster.
Corresponding Secretary—B. Gage.
Treasurer—William Miller.
Guard—George Bender.
Guide—Theodore Smenner.
Trustees—Alex. Meit, John Yobst.
Delegates to Trades and Labor Council—H. W. Fry, William Timmons, William Miller, E. J. Kynaster and Fred Schaphorst.

Richard Jaekel, of 165 Ewing street, has received a letter from his parents, who are now on their way from Germany, stating that they will reach Fort Wayne about Thursday. Mr. and Mrs. Jaekel went to Germany a year ago with the intention of spending the remaining years of their life there, but became homesick and decided to return to Fort Wayne.

STEALS FROM HER FATHER.

Auburn, Ind., April 24.—Mrs. Josie Shroll is in custody here for the theft of $78 from her father, Joshua Parker, a veteran who lost both arms in the civil war. The woman came here practically penniless from Benton Harbor, Mich., where her husband is in business. Soon after the theft of the money suspicion was directed toward her, as she spent considerable in the shops. After her arrest Mrs. Shroll confessed. She said most of the money had been sent to Chicago to cover peculations there. A letter from George Bender, Chicago, was found among her effects. The letter indicates that she is a professional thief. Letters of a similar character from other cities also were found. She is accompanied by her two children. Altogether she answers the description of a woman wanted in Fort Wayne for petty thefts. Mrs. Shroll is well known in this vicinity as Miss Swilley. She was brought up by the Swilleys of Hicksville, O.

"HEALERS" TO GO TO PRISON.

Kansas City, Mo., April 24.—S. A. Woltmer and J. H. Kelly pleaded guilty yesterday on nine counts charging violation of the postal laws. They were sentenced today. Woltmer and Kelly ran a "magnetic institute" at Nevada, Mo., and advertised to cure all ills by "absent treatment." They were taking in between $6,000 and $10,000 a week when the post-office department made suspicions by the enormous increase in the post-office business at Nevada, shut them off with a fraud order. In three weeks mail containing $30,000 accumulated. Senator Burton, of Kansas, appeared for the defendants. He admitted their guilt, but declared his clients' motives were good; that they "sought to cure by suggesting health instead of suggesting disease."

LYNCHED AT COURT HOUSE.

Nashville, Tenn., April 24.—Last night at 9 o'clock a mob of one hundred men forcibly entered the court house at Springfield, Tenn., took Wyatt Mallory, a negro, from the officers guarding him and hanged him from the court house veranda. As the rope grew taut with the negro's weight each member of the mob fired a shot into the swinging body. Then the leader of the mob warned the sheriff not to interfere with the corpse until 10 o'clock this morning and it was left swinging from the place of execution. Monday, at Adams, Mallory fatally wounded J. H. Farmer, a white man. Yesterday the sheriff heard that a mob was forming and secretly removed the negro from the jail to the court house for safety.

BAPTIST WOMEN IN SESSION.

Muncie, Ind., April 24.—Delegates from Indiana, Illinois, Iowa, Michigan, Minnesota, Missouri, Nebraska, Ohio and Wisconsin are in Muncie today for the convention of the Baptist Women's Missionary Society of the West, which began its sessions last night. Three hundred delegates will be in attendance, together with numerous visitors and workers and missionaries from China, Burmah, Japan and Africa. President John E. Scott, of Evanston, Ill.; Mrs. M. A. Bacon, the secretary, of Chicago; Mrs. Matilda Klein, the treasurer, also of Chicago, and other officers arrived during the day.

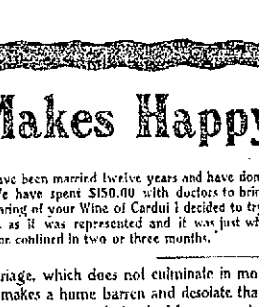
The Worst Strike on Earth

The strike that comes into every life is the demand for more nerve force. This nerve straining, brain working nation is at a high tension in every walk of life. Worked out nerves lose control of vital organs, then comes trouble. For instance—stomach nerves operate the creation of digestive fluid—called gastric juice—weak stomach nerves mean insufficient supply of this fluid—upset stomach—nervous dyspepsia—in fact most any kind of dyspepsia—same way with weakened heart nerves—they cause the heart to throb—flutter—palpitate—strike. Then there is the impaired brain nerve center with failing and fitful memory—mind clouded despondent—fretful—irritable. Brain fagged—sleepless—and so on with every vital organ—they are all under nerve control, and that is why Dr. A. W. Chase's Nerve Pills are making such astonishing cures. They provide nerve force to weak and wasted nerves—they act on the basis of "whatever damage occurs to any organ will be repaired by nature when needed nerve power is restored." They perfectly fill this requirement, they do what no other medicine can do.

Mr. Alonzo McDonald at the Zimmerman House on Hertel Avenue and Niagara Street, Buffalo, N. Y., says: "I am 56 years of age and ever since 1891 I have had a great deal of trouble—I was so intensely nervous that at times I could not keep quiet or content myself at anything—sleep I could not—I would fall asleep only to jump and wake up again. So many years of this played me out and I felt dead tired all the time—completely fagged out—I had no ambition at all—The mornings found me just as tired as when I went to bed. I was told of Dr. A. W. Chase's Nerve Pills and got a box at Scissor's Drug Store, corner Austin and Niagara Streets, and I must say they are the best medicine I ever took—they began to take effect very soon and my nerves got quiet—I began to sleep nights and as time went on, I slept splendidly—my strength came back and with it energy, and today I feel finely. I am only too glad to give this good word for them. I used to dread to go to bed and sat up to all hours. Now I go to bed early in peace and my eyes are so much stronger.



Mrs. K. Gerrard of No. 29 Lowell Street, Buffalo, N. Y., says: "For some 21 years I have been excessively nervous—so much so that any loud sound at times upset me completely—Childrens noises irritated me beyond common—sleep I could not and would twist and turn, then get up, read or walk and then back to tumble again. This ran me all down and I grew weak and irritable. I was told of Dr. A. W. Chase's Nerve Pills and got a box at McEachren's Drug Store, No. 531 Vermont Street, and they did me lots of good. I am able to stand the noises and other inconveniences easily again—I sleep well and feel much better every way—They certainly are a fine Pill."

Mrs. Joseph Mecikouski of No. 103 Military Road, Buffalo, N. Y., says: "I have always, since a small girl, had nervous headaches—the pain was so bad at times, I did not know what I was doing. I was asked to try Dr. A. W. Chase's Nerve Pills and can truthfully say they stopped them. This is naturally a great relief and I can commend them to others. All other remedies failed to accomplish the results.

The Portrait and Signature of Dr. A. W. Chase are on the genuine. The above is a fac simile of the package. 50c a box, of dealers, or Dr. A. W. Chase Medicine Co., 18 Elliott St., Buffalo, N. Y.

Makes Happy Homes

Lehman, La., July 31, 1900.

We have been married twelve years and have done all we could to make our home happy. We have spent $150.00 with doctors to bring us a child, but have always failed. But on hearing of your Wine of Cardui I decided to try a bottle. I was surprised to find it to be just as it was represented and it was just what I needed. I became pregnant and expect to be confined in two or three months.

Mrs. LINDA LAWRENCE.

Marriage, which does not culminate in motherhood, is a travesty on wedlock. It makes a home barren and desolate that ought to be happy. But careful investigation proves that actual barrenness is rare. Many women are denied the happiness of children in their home on account of some slight derangement of the generative organs which

WINE OF CARDUI

would cure. Instead of enjoying the privilege of motherhood many thousands of good women are languishing on beds of sickness, suffering dragging menstrual pains, the agonies of falling of the womb and the distress of leucorrhoea. Mrs. Lawrence had the same experience, but she was cured by Wine of Cardui, the same great medicine that has made many thousands of barren homes happy. You can be cured. Wine of Cardui regenerates the weakened female organs by building up the worn-out nerves, regulating the menstrual flow and restoring the fallen womb to its proper place. In strengthening the generative organs and reinforcing Nature's functions Wine of Cardui rarely fails to make childbirth possible. Your home can be a happy home. All druggists sell $1.00 bottles of Wine of Cardui. Take no substitute!

GAMES YESTERDAY.

—National League.—

At Philadelphia—Philadelphia, 5; Boston, 3.

At St. Louis- St. Louis, 10; Pittsburg, 4.

At Cincinnati—Chicago-Cincinnati; wet grounds.

At Brooklyn—New York-Brooklyn; wet grounds.

GAMES TODAY.

—National League.—

Chicago at Cincinnati.
Boston at Philadelphia.
Brooklyn at New York.
Pittsburg at St. Louis.

—American League.—

Cleveland at Chicago.
Milwaukee at Detroit.
Boston at Baltimore.
Washington at Philadelphia.

NOTES OF THE GAME.

There will soon be plenty of ball players lying around loose. The National league clubs cannot carry more than sixteen players and players to be released must be notified on or before May 5.

By next Thursday Walter Wilmot, of Louisville, will have a crowd of players bunched up that will make them all look sharp. Jack Grimm will be on first base. "Germany" Smith at short. Gene Bald and Kern, a pitcher, both with last year's Buffaloes; Zalousky, Burns and Lally, three from last year's Minneapolis team, and a half dozen others who know the game are among the players Wilmot has corralled to open with. Louisville has got over its fit at being represented in a minor league and is taking an interest in the game that is likely to prove profitable for the hustling manager.

There is nothing new in the Grand Rapids situation. The Grand Rapids papers are making grand stand plays and say that the "Welching" dencon has forced the association to capitulate and "Welcher" Ellis says that Fox and Ames will play with him or nowhere. It is needless to repeat that this is bosh. Ames and Fox will play with Fort Wayne until Fort Wayne releases them and then they will go where they please, but both declare they will not play with Ellis. Fox received a telegram from Ellis yesterday afternoon telling him to report there at once and if he did not like the town he could go back to Fort Wayne. Fox answered by mail that he would not play with Grand Rapids under any consideration. President Meyer has not yet received Ellis' money.

McLaughlin will umpire the first Toledo Fort Wayne games, Latham will open the season in the Grand Rapids-Marion game, Hornung will officiate at the Dayton Columbus games, and Gastreicht is supposed to hold the indicator at the Louisville-Indianapolis opening. Latham will umpire the first series here opening next Tuesday.

The Western association will start the ball rolling tomorrow. Fort Wayne will play at Toledo; Marion will play at Grand Rapids; Indianapolis will play at Louisville and Columbus will play at Dayton.

The Fort Wayne club will leave for Toledo at 5 o'clock tomorrow morning. The following players will be taken out on the first trip: Quinn, Babb, George Miller, Frank Miller, Nattress, Starke, Hanky, Fuller, Fox, Mullin, Ames, Fricken and Rapp, making thirteen in all, but with Secretary Hubbard the hoodoo will be broken, making fourteen men in the bunch. Manager Miller says he expects to come home with as good as an even break to his credit, there being four games played on the trip.

Hornung, MacLaughlin and Latham, of President Meyer's staff of umpires, have reported. Gastreicht has not showed up and has not been heard from. In case he does not present himself by evening, Tony Mullane, of Chicago, will be appointed in his stead and scheduled to fill his dates. Latham arrived last night and is at the New Aveline. He is handsome as ever and does not look a year older than he did forty years ago. He came from Philadelphia and has umpired a number of games this year, but all under last year's rules. He says that players as a rule are kicking against some of the new regulations, but he has not yet seen any actual workings under this year's order. Speaking of the foul-strike rule he said: "I think the pitcher has some the best of it, but it works both ways. The same rule was tried before, only the umpire was allowed to use discretion in judging whether a batter hit off a foul purposely or not. This year he has no discretion in the matter at all. Still the good batter has something to say. Any good batter can step up to the plate with the intention of taking two strikes. After he has them he can tip off fouls till doom's day and wear out the pitcher just the same; for inexperienced batsmen I think the rule is a little tough, because they can't hit them off as they like, but the old fellows will give the pitcher plenty to do and the good waiter will get his base just the same as before. However, I can't tell much about it until I try it."

ORATOR MIKE AGAIN IN LIMBO

FROM GRACE HE FELL WITH A DULL, DULL THUD.

Mayor Scherer Promises Him the Boon of a Long Dry Spell in Jail—Police Notes.

The Honorable Michael Kaylor presented himself at police court this morning and he was in a very penitent mood. Mike was up on the old time-worn charge of drunkenness and a superabundance of oratory. It has been only a week or so since he was released before the expiration of his sentence on a promise of good behavior and industry, he claiming that he had a job waiting for him. Within two hours of his release he was again howling drunk and never did go to work. Last evening he was arrested near the south depot and he was running over with orations. He was brought down in the patrol wagon and he filled the air with cuss words all the way down Calhoun street. Every time the wagon struck a chuckhole he let out a volley of oaths and interspersed his general remarks with a general tirade against the court house, the city administration and things in general. When called before the mayor this morning he professed great penitence and promised to swear off drinking for a full year if allowed to go. "That's no talk," said Mayor Bizzoner. "If I let you go you'll be drunk inside of an hour and will want to run the whole town. I'll fix your fine at thirty-six days in jail and I'll see to it that you won't get out under my term at least."

Joseph Foote, a Wells street saloon keeper, had an affidavit filed against him for selling liquor without a license. He had promised to appear before the comptroller at 9 o'clock and take out the necessary papers. He failed to show up and a warrant was issued for his arrest.

Joseph Morgan, a young tough, was arrested this morning for drunkenness. He has been arrested before and was drunk when he appeared in court. "You are charged with being drunk," said the prosecutor. "Guilty or not guilty?"

"Hey?"

The question was repeated and he shouted, "Nit guilty."

He was fined $5 and costs and went below very sullen and swearing vengeance.

J. C. Moses, living at 114 Clinton street, called the police last night at 9:30 saying that he believed someone was in his house. Officer Strodel investigated, but found no trace of any visitor nor of any disturbance.

Residents in the neighborhood of Rockhill and Wayne streets reported the presence of suspicious characters in the vicinity. Sergeant Harkenrider investigated but found no prowlers.

Superintendent Goraline last night stopped several street cars which persisted in breaking through the ranks of the Knights of Pythias parade. The cars were held about two minutes until the parade passed and were allowed to proceed. He was warmly thanked and his action was applauded.

THE MARKETS.

Chicago, April 24.—Excited trading in May corn was renewed today and another high mark attained. May opened unchanged to ½c higher at 46½c to 47c. Phillips, the bull leader, and a numerous following bid actively and in ½c leaps the price shot to 48c. Realizing caused a reaction to 47c, but the support was renewed and a rally to 47⅝c followed. The news was all bullish. Cables were higher, crop bulletins reported that no corn had been planted north of the Ohio river, and the receipts, 80 cars, with 10 of contract grade, were the smallest for a year and a half.

Wheat shorts, alarmed by the corn strength and firmness of cables, bid that market up. May opened ½c to ⅝c higher at 71½c to 71⅝c, touched 71⅝@71½c and advanced to 72c. Local receipts were 51 cars, 1 of contract grade. Minneapolis and Duluth reported 235 cars against 163 last week and 260 a year ago.

May oats opened a shade lower to unchanged at 25⅞c to 25⅝c and rallied to 26¼c on a fair general demand due chiefly to the corn strength. Receipts were 163 cars.

Provisions were dull and easier. July pork opened 5c lower at $14.40; July lard 2½c down at $7.95@7.97½, and July ribs a shade depressed at $7.87½.

THE CLOSE.

Prices at the close were as follows:

Wheat—April, 72½c; May, 72½c; July, 72⅝c.

Corn—April, 47⅜c; May, 46½c; July, 44⅞@45c.

Oats—April, 26⅜c; May, 26⅛c; July, 25½c.

Pork — April, $14.37½; May, $14.37½; July, $14.52½.

Coffee—Market dull; No. 7 Rio, 6½c.

THE DAY ON WALL STREET.

New York, April 24.—Union Pacific, Northern Pacific, St. Paul and Burlington were conspicuous features at the opening at advances of 1 to ¾. The opening in Union Pacific was wide on the purchase of 8,000 shares. Amalgamated Copper was lifted 1½. Aside from these stocks the opening was rather quiet and fractional net gains were the rule, but among the few declines there were losses of 1 to 1⅛ in New York Central, Northwestern and American Tobacco. The higher prices for Americans in London helped the opening here and there were supporting orders by local operators.

Selling was very large for a time after the opening and prices ran off to some extent, but determined support was offered by bulls, who absorbed some very large blocks, and the bears finally bought to cover shorts and prices advanced all around. Room traders helped the rally by bidding for large amounts of St. Paul, Atchison, Union Pacific, Northern Pacific and United States Steel. Stocks which had opened off recovered their losses and Northwest arose 2 points above yesterday's close. Sugar, People's Gas, Consolidated Gas and the Tractions made substantial gains and were unusually active.

Business was very animated at intervals, but became quieter after the selling was checked.

St. Paul, Union and Northern Pacific were the most actively dealt in and rose above the opening level on the rebound.

The market gained in strength during the forenoon, speculative buying of the active stocks being induced by the heavy purchases of Union Pacific, which carried it up 5⅛ to 103¾, the record price. The preferred stock gained 3 and the convertible bonds 1½. Southern Pacific rose concurrently to 52. St. Paul was 4 points above yesterday and Northern Pacific 2⅝. Minor railroads and miscellaneous stocks showed strength.

Lake Erie and Western, Colorado Fuel, National Biscuit, American Linseed and Wisconsin Central improved 1@4 points. But business was much congested in the four most active stocks.

Bonds were firm.

THE MONEY MARKET.

New York, April 24.—Money on call nominally at 4½ per cent; prime mercantile paper, 4@4½ per cent; sterling exchange steady with actual business in bankers' bills at $4.88⅛@4.88¼ for demand and at $4.85@4.85¼ for 60 days; posted rates, $4.85¼@4.86 and $4.89; commercial bills, $4.84¼@4.84¾; silver certificates nominally 60c; bar silver, 59½c; Mexican dollars, 48¾c.

ABOUT THE COURT HOUSE.

A. R. Kuhne, administrator of the estate of John Kaiser, has filed his final report.

Judge Aiken yesterday installed himself in the new superior court room. The painters vacated it yesterday morning and the work of removal commenced immediately and court was held there yesterday afternoon.

In the case of Ernest F. Witte vs. Agnes Buckel a decree to quiet title was ordered.

In the case of Ferris vs. Mrs. Lucinda Keef and Joseph Stutz, the case was dismissed as relating to the defendant Keef and judgment was rendered against the defendant Stutz in the sum of $65.

The Tri-State Building and Loan association has commenced action against A. M. Davis to foreclose a mortgage of $700.

The circuit court jury is today engaged in hearing the evidence in the slander case of Margaret Cronkheit vs. Amanda Savene. The parties live in St. Joseph township and the evidence this morning was interesting and amusing. Mrs. Savine is charged with saying that Mrs. Cronkheit was not a good neighbor and had a habit of slipping into the plaintiff's house and carrying away things that did not belong to her. A lot of cookies intended for a church social suddenly disappeared and the charging of the disappearance to Mrs. Cronkheit by Mrs. Sovine is what provoked the present suit.

Bertha M. Kinkley has commenced divorce proceedings against Edwin G. Kinkley.

The case of Benninghoff vs. Case is still on trial in the superior court before a jury.

In the circuit court the cases of Burnham vs. Taft and Warner vs. Meyers have been dismissed.

C. F. Pfeiffer has commenced suit against A. H. Kaiser et al on a note for $000.

In Bullermann's court the case of the state vs. Shaw for selling lottery tickets in a suit club has been venued to Justice Rayhouser, of Washington township.

Nerve Influence

Is the subtle force which controls the different organs of the body. It makes them strong or weak, healthy or diseased, according as the brain and nerves are strong and vigorous or weak and diseased. Weak nerves cause headache, nervousness, neuralgia, indigestion, heart trouble and many other forms of chronic weakness. Make the nerves strong, the brain clear and active and the body will be healthy and vigorous.

"I was taken with a peculiar ailment that affected my head and my nerves were all unstrung. I was very nervous, could not sleep and my mind was all confused. I doctored for several weeks without getting better and then began taking Dr. Miles' Nervine. The first bottle relieved me so much that I kept on, and when I had used seven bottles I was well."
Mrs. C. SCHROEDER, Metropolis, Ills.

Dr. Miles' Nervine

soothes and rests the tired brain, strengthens the nerves and supplies the nerve influence that is so necessary to build up health of body and vigor of mind. Try it.

Peru Chronicle: "Miss Clara Shirbondy, of Fort Wayne, is the guest of her brother Ed, the Wabash engineer."

RAMSEY REPLIES

GENERAL MANAGER MAKES A FAIR PROPOSITION.

WAGE SCALE SAME AS OTHERS

CANNOT PAY MORE THAN COMPETING LINES.

GRAND RAPIDS WILL FIGHT

WILL NOT WILLINGLY REDUCE FARES IN MICHIGAN.

Vice President and General Manager Joseph Ramsey, of the Wabash, has replied to the request of some of the employes in the mechanical department of the service for an increase in wages and an adjustment of the hours of labor. Concerning the request for a conference from a committee claiming to represent the machinists of the Wabash system, Mr. Ramsey says he will meet them if the committee is composed of men who have been in the service of the company for some years and truly represent the mass of employes. He says that "the policy of the Wabash company is to pay as good wages to good men as are paid by other railway companies directly competitive with the Wabash for similar service and conditions of labor and that the rules will be equitable, just and liberal, so as to secure to all employes fair treatment." He reminds the old employes of the struggles of the Wabash in the past to make ends meet and says that for more than twenty years the company has not paid a cent of dividends to its stockholders, "but that all of its earnings have gone to pay the wages of employes, operating expenses, fixed charges, taxes, safety appliances and improvements to enable the Wabash to compete with its wealthier and better equipped competitors. It is, therefore, unfair to ask the Wabash to pay higher wages than companies with which it must compete for traffic, especially when those companies are among the strongest and best equipped railroads in the country. We will pay as good wages as these competitors, but under no circumstances will we pay higher wages than they do." Then follows instructions to ascertain just what other companies are paying employes, and Mr. Ramsey says if it is found that the Wabash is paying less than other companies, wages will be advanced accordingly. In conclusion Mr. Ramsey says: "Since July 1 we have been advancing wages of all classes of employes without solicitation and in the shops alone we have advanced the rates of pay of about 260 men, the increase amounting to fully $15,500 per year. From July 1 to March 31, a period of nine months, we have had, on account of wages and labor of all classes, an increase of over $400,000. These figures show that our employes are receiving a large portion of any prosperity which has come to the Wabash."

WILL FIGHT THE ORDER.

The Grand Rapids and Indiana railway may contest the order of Michigan Railroad Commissioner Chase S. Osborn for a reduction of passenger rates to two and a half cents per mile, says the Grand Rapids Press. The entire matter has been referred to the legal department of the road, and General Counsel T. J. O'Brien says that the law in question will be thoroughly inquired into and that the company will not submit unless it is clear that a refusal and a battle in the courts will be futile. So far no action has been taken toward compliance with the commissioner's order and since it sets no date upon which the reduced rates shall take effect the road proposes to abide its time.

If it shall be decided that the chances of the road are good or fair to defeat the commissioner in the courts the railroad company will merely continue along the present lines, charging three cents a mile, leaving the initiative in legal steps to be taken by the state. It is claimed by the Grand Rapids and Indiana that although the earnings of the road per mile showed up $2,000 last year and put the road in the two and a half cent a mile passenger rate class, the earnings this year will not run as high. Once the company comes down to two and a half cents it will have to remain there, and that is the reason for the present hesitancy. The company officials say they do not see how they are going to be able to reduce rates and still maintain the same service.

It is intimated that in event of its being decided that the best course is to submit to the commissioners' ruling, that it will become necessary to reduce the number of passenger trains on the line in some instances. It is quite likely that in event of the reduction of the Grand Rapids and Indiana rate to two and a half cents a mile that the 1,000-mile books will be called in and that other changes will be made in special rate tickets and the general passenger schedule.

VOTE SUBSIDIES.

The proposition to subsidize the Cincinnati, Richmond and Muncie Railway company, submitted to the people of Peru and Converse yesterday, carried by overwhelming majorities. Peru will donate $60,000 and Converse $15,000. A similar proposition was defeated at Marion, Ind., where the company promised to locate its shops if the citizens would donate $100,000. Peru will now ask that the shops be located at that point.

DIRECTORS HAVE MEETING.

The Fort Wayne members of the board of directors of the Fort Wayne Electric company held a meeting at the works at 11 o'clock this morning. Only general business matters came before the board and the members took a look at the new factory addition. Otherwise no business of unusual interest or importance was transacted.

CLARK'S RAILWAY SCHEME.

New York, April 24.—The Herald is authority for the statement that it is asserted that Senator William A. Clark's millions are waiting to back the enormously valuable concession which has been made by the legislature in the Raines bill, giving the New York and New Jersey Bridge company the right to build a viaduct along West street, from Fifty-ninth street to the battery. Reports that Senator Clark is the chief figure in the syndicate which is said to be behind the bridge bill are said to be borne out by the fact that a member of his family is prominently connected with the project. Dr. Everett Mallory Culver, who married the daughter of the Montana millionaire, is president of the New Jersey bridge corporation, which is associated with a similar coporation headed by James S. Clarkson, in this state, in the great enterprise. Should all this be verified and should Senator Clark come into possession of the privileges given by the legislature, he would be able to dictate terms, it is said, to sixteen great railways, which would have to use his railway in order to get access to the docks.

BALL BEARING HAND CAR.

G. W. Hill, signal supervisor of the western division of the Pittsburg, Fort Wayne and Chicago road, is this week making a thorough inspection of the line so far as signals are concerned. He travels on a three-wheeled hand car which is something entirely different from the hand cars generally in use on Fort Wayne roads. This car was built at Three Rivers, Mich., and it arrived here Monday. It weighs forty-eight pounds, its frame is constructed of steel tubing, it has rubber tires, ball bearings and all the modern appliances of a first-class car for the convenience of the man who rides it. This car is capable of traveling eighteen miles an hour without undue exertion on the part of the person who propels it. It is light and consequently more easily upset than the common three-wheeled car, but on a straight track, Mr. Hill says, there is not the least danger of the wheels leaving the rails. He considers it a decided improvement over his old car.

FREEDOM FROM FATALITIES.

In conversation with a Sentinel reporter last evening, a well-known railroad man called attention to the almost immunity from death which had been the lot of Nickel Plate engineers on the fourth district up to last Saturday. During the twenty years the road has been in operation only one death from natural cause prior to Saturday morning occurred. That was Charles Gorman, who died of heart disease while seated at the throttle, just as the train stopped at Hammond, Ind., in the winter of 1890. It was near the close of the month and Mr. Gorman was making a record breaker in the way of runs made, he having forty days to his credit at that time. Considering the great number of men employed on that end of the road, this long immunity from death seems most remarkable. Since last Saturday morning a great change has occurred, however, and two of the most popular engineers in the service of the company have been called to their eternal home. The sad story of the demise of William P. Morris was told in Monday's Sentinel and elsewhere in today's Sentinel are the particulars of the death of George Moore.

CANADIAN RAILWAYS.

Canada has 17,824 miles of railway in operation and about 1,000 miles additional in course of construction. Much of the new road will pass through undeveloped territory, and, like much of the mileage in operation, could not have been built without liberal government subsidies. The Dominion government has since the beginning of railroad development in that country made grants to the several lines aggregating $151,161,423.48, besides contributions to the amount of $81,391,472.11 for maintenance and operation of government roads. In addition to this vast sum liberal aid has been extended from time to time by the provincial governments.

GREAT DEMAND FOR BRIDGES.

No fewer than seventy bridges, varying in length from thirty feet to 100 feet, have been requisitioned from a New York bridge company for railroad use in Cuba, says the Indianapolis Journal. This contract will mean the employment of over 5,000 tons of material. A bridge 1,276 feet long has been ordered for the Great Northern Railway company's extension into Canada, which work is being carried out by a Toronto firm. This structure will be built over the Rainy river. It will consist of four approach spans of 200 feet each and a draw span of 476 feet in length. The value of the contract is about $200,000. A viaduct, comprising four spans of 105 feet each and two spans of forty feet each, has also been ordered. The Quebec and Lake St. John Railway company is to be furnished with a forty-five-foot plate girder, three spans of sixty feet each and two spans of sixty-five feet each. The same bridge company has taken contracts for about 100 portable steel houses, for shipment to Venezuela, where such structures, it is said, find a ready market in view of the frequent earthquakes. These steel houses, which are one stories and weigh about twenty tons each, are said to be further in demand because of the lack of timber in Venezuela.

INDUSTRIAL NOTES.

Pittsburg Fireman C. A. Walsh is sick and off duty.

M. K. Griffith, who had been sick, resumed work in the Pittsburg blacksmith shop this morning.

Machinist George K. Barber, of the Pittsburg shops, is off duty today for the purpose of changing his place of residence.

M. E. Pence, a Nickel Plate fireman, who had a foot injured two weeks ago, has recovered sufficiently to resume work on the road.

Casper Lehmkuler is sick and J. C. Peoples, C. Forks and W. F. Bnade are off duty for private business. They are Pittsburg shopmen.

The Relief union of the electric works will hold its annual election of officers at the close of working hours in the shops tomorrow evening.

Brakemen J. H. Kepler, J. W. Miller, L. Schoonover and E. M. Young reported for work on the Nickel Plate yesterday after a few days' absence.

R. J. Fisher, car wheel salesman for the Bass company, is in Detroit today, talking "wheels" to the railway officials of the roads centering there.

George Smith, of the Wabash blacksmith shop, who was injured at the big steam hammer in the shop about five months ago, has recovered and this morning resumed work.

Purchasing Agent F. I. Brown, of the Pittsburg, is in Chicago today on railway business. Mrs. Brown accompanied her husband and will spend the day with some friends.

T. J. Foley, inspector of transportation of Pennsylvania lines, is at home on account of the illness of his sister, Miss Jennie Foley, whose condition was quite serious for several days.

Machinist Allen Hamilton has returned from the east, where he went in the interest of the Carnegie library to be erected here soon and the proposed manual training and high school.

A bill is pending in the lower house of the Tennessee legislature, having passed the senate, making the long-and-short-haul clause of the state law mandatory instead of discretionary with the state railway commission.

Conductor Nicholas Murphy and Brakeman A. Conley, of the Grand Rapids and Indiana road, attended a big meeting of the Knights of Columbus at Battle Creek last Sunday. The chief features of the meeting were the initiation of a class of eighty-five applicants and a banquet given by the ladies.

J. J. Muir, former master mechanic of the Bass works, was in the city yesterday. From an employe of the Bass company he has become a patron, and his business yesterday was to get some repairs upon some traveling crane machinery in the works of the National Casting company, of Montpelier, of which Mr. Muir is the superintendent.

The New York Central and Hudson River railroad has established a new checking system for personal baggage which will be of great convenience to the traveling public. By the new system baggage may be checked through from principal stations on the line to any hotel, residence or dock in New York city, relieving the owner from the trouble of looking after it at the New York station. This is done for a uniform charge of 50 cents to pay for transfer.

A little over a year ago the Baltimore and Ohio management voted an expenditure of between $25,000,000 and $30,000,000 for improvement of its roadway and equipment. It has now decided to appropriate $10,000,000 more for the same purpose, making an expenditure of about $40,000,000 for betterment and equipment—an expenditure unprecedented in railroad history. The additional equipment will include 100 locomotives, 4,000 steel gondola cars, 2,500 box cars, 2,000 steel hoppers and 500 flat cars.

Blood Poison

THE MOST DESTRUCTIVE OF ALL HUMAN DISEASES.

The poison ejected from the fangs of the rattlesnake is not more surely fatal than the virus of Contagious Blood Poison, which pollutes and vitiates the blood, destroys the tissues and bones and eats like a canker sore into the flesh.

This horrible disease appears first in the form of a little sore or blister; soon the glands begin to swell, pimples break out on the body, the mouth and throat become sore, making it painful to eat or swallow; dreadful ulcers appear on the tongue, copper colored splotches and other characteristic signs of Blood Poison come as the disease progresses, and the destructive virus takes deeper hold upon the system. The medical men are as sorely perplexed over the character of this blood poison as ever; they tell you to take mercury and potash alternately for three years, but the stomach of no human being can stand this treatment long; besides, they do not cure the disease permanently, as thousands who have tried it know.

WELLINGTON, KAS., Sept., 1900.

I contracted Blood Poison two years ago this fall, and was persuaded to try a medicine widely advertised by a remedy company in Chicago. I was required to pay a large amount in advance, and can truthfully say that I was worse when the treatment was left off than when I began. Reddish pimples would break out and fill with yellowish matter; copper-colored splotches of all sizes would appear on my body; my throat was so sore I could scarcely swallow, and my mouth and tongue were seldom free from ulcers; tonsils were swollen, and my hair was coming out rapidly. This was my condition when I began your S. S. S. I have used twenty-two bottles, and am feeling splendid. Every sore on my body has healed, and my appetite good. JAKE MARTIN.

S. S. S. is the only guaranteed purely vegetable blood purifier, and the only antidote for this particular virus; it purifies the blood and builds up the constitution. The appetite improves almost from the first dose, the sores soon show signs of healing, and the unsightly, dirty splotches and eruptions grow paler and paler, and finally disappear.

S. S. S. is not a new medicine; for nearly 50 years it has been known and used for this dreadful disease. It has brought new life and hope to thousands all over this land; it will cure you as it has others. Send for our free book on home treatment and write our physicians about your case. We will help you if you will let us; we make no charge for advice, and all correspondence is conducted in strictest confidence. THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.

- - - A NEW DEPARTURE. - - -

More than 10 years ago the Fair was started on Barr street in a very small (about one-tenth the size room we now occupy.) That means that we have enjoyed a large share of the people's patronage. However, there is always room for more, and in order to still increase our trade, we are now prepared to give you Blue premium tickets of double the value of any trading stamps, for you do not have to support 3 to 4 stamp companies. More than 1,000 articles to select from. Remember we can dress men, women, boys and girls from head to foot. In short, we are the only exclusive department store in the city. So if in need of dry goods, notions, clothing, furnishings, hats, caps, shoes, millinery, jewelry, plated ware, crockery and glassware,
